AMENDMENTS TO RULE 4-106 POSIT CALL MARKET  
NOTICE OF COMMISSION APPROVAL**

On March 13, 2003, the Commission approved amendments to TSX Rule 4-106 POSIT Call Market. The amendments provide for an additional POSIT call time, at 9:50 a.m., and will clarify the circumstances under which a POSIT match will not be conducted when a particular security has been halted or delayed by the Exchange or a Market Surveillance Official. The amendments were initially published on January 3, 2003, at (2003) 26 OSCB 143. Some changes have been made to the amendments since the time they were previously published. The amendments are being republished in Chapter 13 of this Bulletin, along with a summary of comments received and responses from the TSX. The amendments have been black lined to indicate the changes from the previously published version.
