Housekeeping amendments to Form 1 to adopt IFRS reporting requirements for leases

On January 30, 2019, the Board of Directors (the **Board**) of the Investment Industry Regulatory Organization of Canada (IIROC) approved the housekeeping amendments to Form 1 regarding the adoption of International Financial Reporting Standards (**IFRS**) 16 *Leases* (the **Housekeeping Amendments**). The main purpose of the Housekeeping Amendments is to ensure Form 1 is prepared in accordance with IFRS¹ and the changes do not impact Dealer Members' risk adjusted capital regarding non-refundable leasehold inducements.

¹ Form 1 is a special purpose report that includes financial statements and schedules, and is to be prepared in accordance with IFRS, except as prescribed by IIROC. The IIROC prescribed IFRS departures and accounting treatment are set out in General Notes and Definitions to Form 1.

Summary of the nature and purpose of the amendments

The changes to Form 1 are as follows:

- removed line 65 "Non-refundable leasehold inducements" from Statement A, and renumbered the subsequent lines accordingly
- removed notes to line 59 and line 65 from the Notes and Instructions to Statement A, and renumbered the Statement A line references
- removed the reference to line "A-65" in Statement B, line 2, and renumbered affected Statement A line references
- removed line 7 "Less: Non-refundable leasehold inducements" from Statement C, and renumbered the subsequent lines and references to them accordingly
- renumbered affected Statement A line references in Statement C
- removed the words "non-current portion of lease liabilities - leasehold inducements," in the note to Line 5 in the Notes and Instructions to Statement C
- replaced the note reference to "Line 5" with "Lines 5, 6, 7 and 8" in the Notes and Instructions to Statement C because this note also covers these non-current liabilities lines
- renumbered affected Statement C line references in the Notes and Instructions to Statement C
- renumbered affected Statement C line references in Statement D
- renumbered an affected Statement C line reference in Schedule 6A
- renumbered an affected Statement C line reference in Schedule 13
- renumbered an affected Statement C line reference in Schedule 13A
- renumbered affected Statement A line reference in Statement E, line 41
- renumbered affected Statement A line references in Statement F, lines 3, 6 and 13
- replaced the reference to "Statement A, Line 65" with "Statement B, Line 2" in note 2(b) of the Notes and Instructions to Schedule 14, and renumbered affected Statement A line references.

We have classified our amendments to Form 1 as "housekeeping" because:

- they are necessary to ensure IIROC Rules comply with applicable securities legislation, statutory and legal requirements as they allow Statement A of Form 1 to comply with IFRS 16
- they do not impact risk adjusted capital regarding non-refundable leasehold inducements
- there is no material impact on investors, issuers, Dealer Members or the capital markets in an province or territory of Canada.

Implementation

IFRS 16 is effective for annual reporting periods beginning on or after January 1, 2019. Dealer Members will implement IFRS 16 at different times during calendar year 2019 depending on their year-end. In addition, Form 1 Statement A must report the current and prior year balances. Therefore, some Dealer Members may require the use of line A65 until November 30, 2020. Currently, the Securities Industry Regulatory Financial Filings (SIRFF) system populates line B2 “Add: Non-refundable leasehold inducements”, from line A65.

Effective March 5, 2019 the only housekeeping amendment will be to Statement B of Form 1 to remove the reference to line A65 as set out in **Appendices A and B**. Dealer Members must populate line B2 manually as some may report non-refundable leasehold inducements (also referred to as non-refundable leasehold incentives in IFRS 16) on line A30, depending on their transition to IFRS 16.

The remaining Housekeeping Amendments as set out in **Appendices C and D** will take effect on December 1, 2020.

**FORM 1, PART I – STATEMENT A
NOTES AND INSTRUCTIONS**

Accrual basis of accounting

Dealer Members are required to use the accrual basis of accounting.

Line 2 - The trustee for RRSP or other similar accounts must qualify as an *acceptable institution*. Such accounts must be insured by the Canada Deposit Insurance Corporation (CDIC) or Autorité des marchés financiers (AMF) to the full extent insurance is available. If not, then the Dealer Member must report 100% of the balance held in trust as non-allowable assets on Line 28 (Non-allowable assets – other assets).

RRSP and other similar balances held at such trustee, but for which CDIC or the AMF insurance is not available, such as foreign currency accounts, can be classified as allowable assets.

The name of the RRSP trustee used by the Dealer Member must also be provided on Schedule 4.

Line 4 - For definition of “*acceptable clearing corporations*”, see General Notes and Definitions.

Securities on deposit (and related margin) should be included in balances reported on Inventory Schedule 2 and disclosed separately on the supplementary information Line 11 of Schedule 2.

Line 5 - For definition of “*regulated entities*”, see General Notes and Definitions.

Securities on deposit (and related margin) should be included in balances reported on Inventory Schedule 2 and disclosed separately on the supplementary information Line 11 of Schedule 2.

Line 11 - For an introducing broker (pursuant to an approved introducing/carrying broker agreement), unsecured balances receivable from its carrying broker, such as gross commissions and deposits in the form of cash, should be reported on this line.

Unsecured balances should only be included to the extent they are not being used by the carrying broker to reduce client margin requirements.

Securities on deposit (and related margin) should be included in balances reported on Inventory Schedule 2 and disclosed separately on the supplementary information Line 11 of Schedule 2.

In the case of the salesperson’s portion of gross commissions and fees receivable, as recorded on Line 21 (Commissions and fees receivable), to the extent that there is written documentation that the broker does not have a liability to pay the salesperson’s commission until it is received, the salesperson’s portion of the gross commission receivable is an allowable asset.

Line 13 - Include only overpayment of prior years' income taxes or current year installments. Taxes recoverable due to current year losses may be included to the extent that they can be carried back and applied against taxes previously paid.

Line 14 - Include the recoverable portion of capital tax, Part VI tax, property taxes and any federal or provincial sales taxes.

Include only to extent receivable from *acceptable institutions* (for definition, see General Notes and Definitions).

Line 18 - Allowable assets are those assets which due to their nature, location or source are either readily convertible into cash or from such creditworthy entities as to be allowed for capital purposes.

Include only to extent receivable from *acceptable institutions* (for definition see General Notes and Definitions).

Line 19 - Report the cash and *market value* of securities lodged with *acceptable clearing corporations* that represent fixed base deposits.

Line 20 - To the extent receivable from other than *acceptable clearing corporations*, include all deposits whether margin deposits or variable and fixed base deposits.

Line 21 - To the extent receivable from parties other than *acceptable institutions*.

Line 22 - To the extent receivable from parties other than *acceptable institutions*.

Line 24 - Start-up and organizational costs cannot be capitalized. Examples of intangible assets include goodwill and client lists.

Line 26 - Investments in subsidiaries and affiliates must be valued at cost.

Line 27 - A Dealer Member must report non-trading inter-company receivables on a gross basis unless the criteria for netting are met.

Line 28 - Including but not limited to such items as:

~~Feb-2011~~Dec-2020

FORM 1, PART I – STATEMENT A
NOTES AND INSTRUCTIONS [Continued]

- prepaid expenses
- cash surrender value of life insurance
- advances to employees (gross)
- other receivables from other than *acceptable institutions*
- cash on deposit with non *acceptable institutions*

Line 29 - Non-allowable assets mean those assets that do not qualify as allowable assets.

Line 30 - Assets arising from a finance lease (also known as a capitalized lease).

Line 55 - Recognize a liability to cover specific expenditures relating to legal and constructive obligations.

A Dealer Member cannot hold provisions as a general reserve to be applied against some other unrelated expenditure.

Line 57 - Include discretionary bonuses payable and bonuses payable to shareholders in accordance with share ownership.

~~**Line 59** - Include current portion of deferred lease inducements.~~

Line 60 - Include unclaimed dividends and interest.

~~**Line 65** - In those cases where it can be demonstrated that the leasehold inducement presents no additional liability to the Dealer Member (i.e. if the Dealer Member does not “owe” the unamortized portion of the inducement back to the landlord, thereby qualifying the landlord as a creditor of the Dealer Member), the non-current portion can be reported as an adjustment to risk-adjusted capital (RAC) on Statement B.~~

Line 67 - Subordinated loans mean approved loans, pursuant to an agreement in writing in a form satisfactory to the Corporation, obtained from a chartered bank or any other lending institution, industry investor approved as such by the Corporation, or non-industry investor subject to the Corporation’s approval, the payment of which is deferred in favor of other creditors and is subject to regulatory approval.

A Dealer Member must not pay a debt owed to any of its creditors contrary to any subordination or other agreement to which it and the Corporation are parties.

Line 74 - Reserve is an amount set aside for future use, expense, loss or claim – in accordance with statute or regulation. It includes an amount appropriated from retained earnings – in accordance with statute or regulation. It also includes accumulated other comprehensive income (OCI).

Line 72 - Retained earnings represent the accumulated balance of income less losses arising from the operation of the business, after taking into account dividends and other direct charges or credits.

**FORM 1, PART I – STATEMENT C
NOTES AND INSTRUCTIONS**

The Early Warning system is designed to provide advance warning of a Dealer Member encountering financial difficulties. It will anticipate capital shortages and/or liquidity problems and encourage Dealer Members to build a capital cushion.

Line 1 - If Risk Adjusted Capital of the Dealer Member is less than:

- (a) 5% of total margin required (Line ~~12~~11 above), then the Dealer Member is designated as being in Early Warning category **Level 1**, or
- (b) 2% of total margin required (Line ~~12~~11 above), then the Dealer Member is designated as being in Early Warning category **Level 2**,

and the applicable sanctions outlined in the Corporation rules will apply.

Lines 2 and 3 - These items are deducted from RAC because they are illiquid or the receipt is either out of the Dealer Member's control or contingent.

Line 4 - Pursuant to the Notes and Instructions for the completion of Statement B, Line 20, where the entity would otherwise qualify as an acceptable securities location except for the fact that the Dealer Member has not entered into a written custodial agreement with the entity, as required by Corporation rules, the Dealer Member will be required to deduct an amount up to 10% of the *market value* of the securities held in custody with the entity, in the calculation of its Early Warning Reserve. Please refer to the detailed calculation formula set out to the Notes and Instructions for the completion of Statement B, Line 20 to determine the capital requirement to be reported on Statement C, Line 4.

Line 5~~Lines 5, 6, 7 and 8~~ - Non-current liabilities (other than subordinated loans, ~~non-current portion of lease liabilities—leasehold inducements,~~ and non-current portion of finance leases and lease-related liabilities) are added back to RAC as they are not current obligations of the Dealer Member and can be used as financing.

Line 10~~9~~ - This add-back ensures that the Dealer Member is not penalized at the Early Warning level for accruing income.

Line 11~~10~~ - If Early Warning Excess is negative, the Dealer Member is designated as being in Early Warning category Level 2 and the sanctions outlined in the Corporation rules will apply.

Line 12~~11~~ - If the Early Warning Reserve is negative, the Dealer Member is designated as being in Early Warning category Level 1 and the sanctions outlined in the Corporation rules will apply.

Section A, Lines 2 and 3 - Free credit balances in RRSP and other similar accounts should not be included. Refer to Schedule 4 - Notes and Instructions for discussion of trade versus settlement date reporting of free credit balances. For purposes of this statement, a free credit is:

- (a) For cash and margin accounts - the credit balance less an amount equal to the aggregate of the *market value* of short positions and regulatory margin on those shorts.
- (b) For futures accounts - any credit balance less an amount equal to the aggregate of margin required to carry open futures contracts and/or futures contracts option positions less equity in those contracts plus deficits in those contracts, provided that such aggregate amount may not exceed the dollar amount of the credit balance.

Section A, Line 5 - If Nil, no further calculation on this Statement need be done.

FORM 1, PART I – STATEMENT C
NOTES AND INSTRUCTIONS

The Early Warning system is designed to provide advance warning of a Dealer Member encountering financial difficulties. It will anticipate capital shortages and/or liquidity problems and encourage Dealer Members to build a capital cushion.

Line 1 - If Risk Adjusted Capital of the Dealer Member is less than:

- (a) 5% of total margin required (Line 11 above), then the Dealer Member is designated as being in Early Warning category **Level 1**, or
- (b) 2% of total margin required (Line 11 above), then the Dealer Member is designated as being in Early Warning category **Level 2**,

and the applicable sanctions outlined in the Corporation rules will apply.

Lines 2 and 3 - These items are deducted from RAC because they are illiquid or the receipt is either out of the Dealer Member's control or contingent.

Line 4 - Pursuant to the Notes and Instructions for the completion of Statement B, Line 20, where the entity would otherwise qualify as an acceptable securities location except for the fact that the Dealer Member has not entered into a written custodial agreement with the entity, as required by Corporation rules, the Dealer Member will be required to deduct an amount up to 10% of the *market value* of the securities held in custody with the entity, in the calculation of its Early Warning Reserve. Please refer to the detailed calculation formula set out to the Notes and Instructions for the completion of Statement B, Line 20 to determine the capital requirement to be reported on Statement C, Line 4.

Lines 5, 6, 7 and 8 - Non-current liabilities (other than subordinated loans, and non-current portion of finance leases and lease-related liabilities) are added back to RAC as they are not current obligations of the Dealer Member and can be used as financing.

Line 9 - This add-back ensures that the Dealer Member is not penalized at the Early Warning level for accruing income.

Line 10 - If Early Warning Excess is negative, the Dealer Member is designated as being in Early Warning category Level 2 and the sanctions outlined in the Corporation rules will apply.

Line 12 - If the Early Warning Reserve is negative, the Dealer Member is designated as being in Early Warning category Level 1 and the sanctions outlined in the Corporation rules will apply.

FORM 1, PART I – STATEMENT D

D. AMOUNT IN SEGREGATION:

1.	A-3	Client funds held in trust in an account with an <i>acceptable institution</i> [see note]	-----	-----
2.	Sch.2	Market value of securities owned and in segregation [see note]	-----	-----
3.		AMOUNT IN SEGREGATION [Section D, Line 1 plus Section D, Line 2]		=====
4.		NET SEGREGATION EXCESS (DEFICIENCY) [Section D, Line 3 minus Section C, Line 3, see note]		=====

NOTES:

General – The client free credit limit and segregation requirements must be calculated at least weekly, but more frequently if required, consistent with the monitoring requirements for the early warning tests.

Section A, Lines 2 and 3 - Free credit balances in RRSP and other similar accounts should not be included. Refer to Schedule 4 - Notes and Instructions for discussion of trade versus settlement date reporting of free credit balances. For purposes of this statement, a free credit is:

- (a) For cash and margin accounts - the credit balance less an amount equal to the aggregate of the *market value* of short positions and regulatory margin on those shorts.
- (b) For futures accounts - any credit balance less an amount equal to the aggregate of margin required to carry open futures contracts and/or futures contracts option positions less equity in those contracts plus deficits in those contracts, provided that such aggregate amount may not exceed the dollar amount of the credit balance.

Section A, Line 5 - If Nil, no further calculation on this Statement need be done.

Section B, Line 2 - Client margin debit balances reported on this line must be determined on a settlement date basis in order to exclude margin debit amounts relating to pending trades that have not yet settled.

Section D, Line 1 - The trust must be an obligation binding the Dealer Member (the trustee) to deal with the free credits over which it has control (the trust property), for the benefit of the client (the beneficiary). The trust property must be clearly identified as such even if residing with an *acceptable institution*.

FUNDS HELD IN TRUST FOR RRSP AND OTHER SIMILAR ACCOUNTS ARE NOT TO BE INCLUDED IN THIS CALCULATION.

Section D, Line 2 - The securities to be included are Canadian bank paper with an original term of 1 year or less and bonds, debentures, treasury bills and other securities with a term of 1 year or less, of or guaranteed by the Government of Canada or a Province of Canada, the United Kingdom, the United States of America and any other national foreign government (provided such other foreign government is a member of the Basel Accord and that the securities are currently rated Aaa or AAA by Moody's Investors Service, Inc. or Standard & Poor's Corporation, respectively) which are segregated and held separate and apart from the Dealer Member's property.

Section D, Line 4 - If negative, then a segregation deficiency exists, and the Dealer Member must correct the segregation deficiency within 5 business days following the determination of the deficiency. The Dealer Member must provide an explanation of how the deficiency was corrected as well as the date of correction.

 - (b) “Regulatory financial statement capital” is comprised of:
 - Total Capital (Statement A, Line 72); plus
 - Non-refundable leasehold inducements (Statement B, Line 2); plus
 - Subordinated loans (Statement A, Line 66).
 - (c) “Regulatory financial statement capital provided by the provider of capital” is the portion of the *regulatory financial statement capital* that has been provided to the Dealer Member by the *provider of capital*

CALCULATION OF CASH AND UNDERSECURED LOANS WITH PROVIDER OF CAPITAL

Section A, Line 3 – The undersecured amount to be reported on this line refers to any deficiency between the *market value* of the collateral received for the loan and the amount of the loan receivable that is greater than the percentage [the percentage is determined by dividing the deficiency by the *market value* of the collateral received] deficiency required under normal commercial terms.

Section A, Line 4 – The amount to be reported on this line refers to the entire loan receivable balance if the only collateral received for the loan is securities issued by the *provider of capital*.

Section A, Line 5 – The undersecured amount to be reported on this line refers to any deficiency between the *market value* of the collateral received for the loan and the amount of the loan receivable or the *market value* of the securities delivered as collateral that is greater than the percentage [the percentage is determined by dividing the deficiency by the *market value* of the collateral received] deficiency required under normal commercial terms.

If the security received is a security issued by the *provider of capital* the collateral is assumed to have no value for the purposes of the above calculation.

Section A, Lines 8, 9 and 10 – The amount to be reported on these lines refers to the amount of the loan receivable less any collateral provided other than securities issued by the *provider of capital*.

Section A, Line 11 – The overcollateralized amount to be reported on this line refers to any deficiency between the *market value* of the collateral delivered for the loan and the amount of the loan payable that is greater than the percentage [the percentage is determined by dividing the deficiency by the amount of the loan payable] deficiency required under normal commercial terms.

Section A, Line 12 – The overcollateralized amount to be reported on this line refers to any deficiency between the *market value* of the collateral delivered pursuant to the securities lending agreement and the amount of the loan payable or the *market value* of the securities received as collateral that is greater than the percentage [the percentage is determined by dividing the deficiency by the amount of the loan payable] deficiency required under normal commercial terms.

Section A, Line 13 – The overcollateralized amount to be reported on this line refers to any deficiency between the *market value* of the collateral delivered pursuant to the repurchase agreement and the amount of the loan payable that is greater than the percentage [the percentage is determined by dividing the deficiency by the amount of the loan payable] deficiency required under normal commercial terms.
