**STATEMENT OF ALLEGATIONS
(Subsections 127(1) and 127(10) of the *Securities Act*, RSO 1990 c S.5)**

1. Staff of the Enforcement Branch (**Enforcement Staff**) of the Ontario Securities Commission (the **Commission**) elect to proceed using the expedited procedure for inter-jurisdictional proceedings as set out in Rule 11(3) of the Commission's *Rules of Procedure and Forms*.

A. OVERVIEW

2. On May 11, 2020, Jay Rasik Modi (**Jay Modi**), Arti Rajeev Singh, also known as Arti Rajeev Modi (**Arti Modi**), Rajeev Jagdish Singh (**Singh**), 982 Media House Inc. (**982 Media**), 1611385 Alberta Ltd., OmniArch Capital Group Inc. (**OmniArch Capital Group**), OmniArch Ventures Inc., also known as New Wave Ventures Inc. (**OmniArch Ventures**), LendingArch Financial Inc. (**LendingArch**), OmniArch Global Bond Corp., also known as OmniArch Global Secured Corporation, also known as Calasset Bond Corp. (**OmniArch Global**), 1505106 Alberta Ltd. and 1502631 Alberta Ltd. (collectively, the **Respondents**) entered into a Settlement Agreement and Undertaking (the **Settlement Agreement**) with the Alberta Securities Commission (the **ASC**).
3. Pursuant to the Settlement Agreement, the Respondents agreed with the ASC to be made subject to sanctions, conditions, restrictions or requirements.
4. Enforcement Staff are seeking an inter-jurisdictional enforcement order reciprocating the Settlement Agreement, pursuant to paragraph 5 of subsection 127(10) of the *Securities Act*, RSO 1990, c S.5 (the **Act**).

B. FACTS

Enforcement Staff make the following allegations of fact:

(i) Agreed Facts

5. In the Settlement Agreement, the Respondents agreed to facts for securities regulatory purposes in Alberta and elsewhere, detailed at paragraphs 1 to 72 of the Settlement Agreement.
6. In summary:

Background Information

- (1) OmniArch Capital Corporation (**OmniArch**) was incorporated in Alberta on November 20, 2009 by Jay Modi, Arti Modi and Singh for the purpose of soliciting, accumulating and utilizing investment funds for indirect investment into downgraded and discounted Residential Mortgage Backed Securities (**RMBS**) in the United States. RMBS are asset-backed bond securities that represent a claim on the cash flow from a pool of underlying residential mortgages.
- (2) The directors of OmniArch included Jay Modi, Arti Modi and Singh. Its shareholders were 1502631 Alberta Ltd. and 1505106 Alberta Ltd., entities which were controlled and owned by Jay Modi and Arti Modi, and Singh, respectively.

Funds Raised

- (3) Between 2010 and 2015, OmniArch raised approximately \$127 million through nine Offering Memoranda (**OMs**). Each of the OMs were signed by Jay Modi, Arti Modi and Singh and each contained a certificate stating "[t]his Offering Memoranda does not contain any misrepresentations."

- (4) OmniArch raised these funds by distributing three classes of bonds: A, B and C. Each class paid interest at 10 percent per annum, but had different terms. The maximum term of the bonds was five years. The bonds distributed by OmniArch were securities as defined in the *Securities Act*, RSO 2000, c S-4 (the **Alberta Act**).

Related Party Loans

- (5) The OmniArch OMs dated January 24, 2014 and May 9, 2014 each stated that the net proceeds raised from the offerings, and any excess cash flows, would be used to acquire downgraded and discounted RMBS bonds.
- (6) Between December 31, 2014 and June 10, 2016, contrary to the business purposes stated in OmniArch's OMs, Jay Modi and Arti Modi caused OmniArch to transfer funds to 982 Media, 1611385 Alberta Ltd., OmniArch Capital Group and OmniArch Ventures, entities which they controlled and/or owned (the **Related Party Loans** or **RPLs**). Certain amounts paid to OmniArch Ventures were in turn loaned to LendingArch and OmniArch Global.
- (7) None of the funds lent pursuant to the Related Party Loans were used by the related party recipients to invest in RMBS. The Related Party Loans were lent on terms that were more favourable than the terms on bonds issued to OmniArch investors. Specifically, the Related Party Loans paid interest at a rate of 6 percent (instead of 10 percent) and were for terms of 10 years (instead of 5 years).

OmniArch's Fund Managers, Jay Modi's Experience and Singh's Compensation

- (8) OmniArch's OMs dated January 24, 2014, May 9, 2014, and August 26, 2013 also contained inaccurate statements with respect to OmniArch's fund managers, Jay Modi's experience and/or compensation received by Singh (**Singh's Compensation**).

CCAA Proceedings

- (9) OmniArch and OmniArch Corporations¹ have sought and obtained protection pursuant to the *Companies' Creditors Arrangement Act*, RSC 1985, c C-36. On November 28, 2017, the Court of Queen's Bench of Alberta sanctioned a Plan of Compromise and Arrangement between OmniArch and its Creditors which included, *inter alia*, terms designed to offset the RPLs, including the following:
- (a) the transfer to OmniArch by OmniArch Ventures of shares of LendingArch, which were valued at \$7.5 million; and
 - (b) the repayment to OmniArch by OmniArch Ventures of \$2.5 million, which was secured by personal guarantees given by Jay Modi and Arti Modi (**Repayment**).

(ii) Admitted Breaches of Alberta Securities Laws

7. Each of Jay Modi, Arti Modi, Singh, 1502631 Alberta Ltd. and 1505106 Albert Ltd. admitted that they breached subsection 92(4.1) of the Alberta Act by:
- (1) authorizing, permitting, or acquiescing in OmniArch's failure to disclose the RPLs to investors, or at all, and that the failure to disclose the RPLs would reasonably be expected to have a significant effect on the market price or value of OmniArch's securities; and
 - (2) authorizing, permitting, or acquiescing in the making of statements by OmniArch that were either misleading, or that omitted facts necessary to make those statements not misleading, in OmniArch's OMs that would reasonably be expected to have a significant effect on the market price or value of OmniArch's securities about: (1) OmniArch's fund managers and Jay Modi's experience; and (2) Singh's Compensation.
8. In addition, each of LendingArch, 982 Media, 1611385 Alberta Ltd., OmniArch Capital Group, OmniArch Ventures and OmniArch Global admitted that they received, directly or indirectly, funds from the RPLs, and acquiesced in the failure to disclose the RPLs to investors, contrary to subsection 92(4.1) of the Alberta Act.

 - (3) not engage in investor relations activities, advise in securities or derivatives, to not become or act as a registrant, investment fund manager or promoter, and to not act in a management or consultative capacity in connection with activities in the securities market.

DECISION

Background

The principal regulator in the Jurisdiction has received an application from the Filer on behalf of the Fund for a decision under the securities legislation of the Jurisdiction of the principal regulator (the **Legislation**), pursuant to section 19.1 of National Instrument 81-102 Investment Funds (**NI 81-102**), exempting the Fund from section 2.12(1)12 of NI 81-102 to permit the Fund to enter into securities lending transactions in which the aggregate market value of all securities loaned by the Fund exceeds 50% of the net asset value of the Fund (**Exemption Sought**).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

- (a) the Ontario Securities Commission is the principal regulator for this application; and
- (b) the Filer has provided notice that subsection 4.7(1) of Multilateral Instrument 11-102 Passport System (MI 11-102) is intended to be relied upon in each of the other provinces and territories of Canada (the Other Jurisdictions).

Interpretation

Terms defined in NI 81-102, National Instrument 14-101 Definitions, and MI 11-102 have the same meaning if used in this decision, unless otherwise defined.

Representations

This decision is based on the following facts represented by the Filer.

1. The Filer is the trustee, investment fund manager and portfolio manager of the Fund. The Filer is registered as an investment fund manager, portfolio manager, exempt market dealer, commodity trading manager and commodity trading adviser in Ontario. The head office of the Filer is in Toronto, Ontario.
2. The Fund is an open-end exchange traded mutual fund established under the laws of the Province of Ontario, pursuant to a declaration of trust. The Fund is governed by the provisions of NI 81-102, subject to any relief therefrom granted by the securities regulatory authorities.
3. The Filer and the Fund are not in default of securities legislation in any jurisdiction.
4. Units of the Fund are listed on the Toronto Stock Exchange (the **TSX**).
5. The investment objective of the Fund is to seek to replicate, to the extent possible, the performance of the North American Marijuana Index, net of expenses. The North American Marijuana Index is designed to provide exposure to the performance of a basket of North American publicly listed companies with significant business activities in the marijuana industry.
6. To achieve the Fund's investment objectives, the Fund invests and holds the equity securities of the constituent issuers of its underlying index in substantially the same proportion as its underlying

- index. The Fund employs a passive investment strategy that is not actively managed, and the equity holdings in the portfolio are designed to maintain their same relative portfolio weightings between rebalancing dates. The North American Marijuana Index is rebalanced on a quarterly basis only.
7. In order to earn additional returns for the Fund, the Filer proposes to enter into securities lending transactions on behalf of the Fund for which the aggregate market value of securities loaned by the Fund may represent up to 100% of the net asset value of the Fund to be lent to one or more borrowers through an agent, which agent is not the Fund's custodian or sub-custodian.
8. The securities lending agent of the Fund maintains appropriate internal controls, procedures, and records for securities lending transactions in compliance with the requirements of subsection 2.16(3) of NI 81-102.
9. The Filer believes that the equity securities held in the Fund are well suited for securities lending above the 50% of net asset value limitation set out in NI 81-102 because the Fund employs a passive investment strategy and the equity securities held in the portfolio are considered to be liquid by the Filer.
10. The Filer has ensured that the agent through which the Fund lends securities maintains appropriate internal controls, procedures and records for securities lending transactions as prescribed in subsection 2.16(2) of NI 81-102.
11. Securities in the Fund's portfolio have been loaned only to borrowers that have been considered acceptable to the Fund as contemplated by subsection 2.16(2) of NI 81-102.
12. The Fund has the rights set forth in subsections 2.12(1)8, 2.12(1)9 and 2.12(1)11 of NI 81-102, including the right to keep any collateral on deposit in the event of default by a borrower.
13. The collateral received by the Fund in respect of a securities lending transaction is in the form of cash, Government of Canada bonds and close equivalents, and provincial bonds and close equivalents subject to minimum credit rating criteria and/or other collateral permitted by NI 81-102.
14. On a daily mark-to-market basis, the Fund receives collateral worth at least 102% of the value of the loaned securities, as required under NI 81-102. In respect of securities lending transactions in which the aggregate market value of securities loaned by the Fund represents in excess of 50% of net asset value, the Fund will only enter such securities lending transactions if it receive securities lending collateral with a market value equal to at least 110% of the market value of any securities that are

to be loaned at or prior to the term of the loan.

15. The collateral received by the Fund in respect of a securities lending transaction is not re-invested in any other types of investment products.
16. The prospectus of the Fund will contain disclosure specifying that the Fund may, pursuant to exemptive relief granted by Canadian securities regulatory authorities, enter into securities lending transactions for which the aggregate market value of securities loaned by the Fund may represent up to 100% of the net asset value of the Fund.
17. Other than as set forth herein, any securities lending transactions entered into by the Fund are and will be conducted in accordance with the provisions of NI 81-102.
18. The Manager submits that it is in the best interests of the Fund to be permitted to enter into securities lending transactions in which the aggregate market value of securities loaned by the Fund represents up to 100% of the net asset value of the Fund, and that it would not be prejudicial to the public interest to grant the Exemption Sought.

Decision

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Exemption Sought is granted provided that the Fund, in connection with a securities lending transaction:

- (1) receives the collateral that
- (A) is prescribed by paragraphs 2.12(1)3 to 6 of NI 81-102, other than collateral described in subsection 2.12(1)6(d) or in paragraph (b) of the definition of "qualified security"; and
- (B) is marked to market on each business day in accordance with paragraph 2.12(1)7 of NI 81-102;
- (2) has the rights set forth in paragraphs 2.12(1)8, 2.12(1)9 and 2.12(1)11 of NI 81-102;
- (3) complies with paragraph 2.12(1)10 of NI 81-102; and
- (4) lends its securities only to borrowers that are acceptable to the Fund.

DECISION

Background

The principal regulator in the Jurisdiction has received an application from the Filer on behalf of the Funds for a decision under the securities legislation of the Jurisdiction (the **Legislation**) that the time limits for the renewal of the simplified prospectus of the Funds dated May 15, 2020 be extended to those time limits that would apply as if the lapse date was August 14, 2021 (the **Requested Relief**).

Under the *Process for Exemptive Relief Applications in Multiple Jurisdictions* (for a passport application):

- (a) The Ontario Securities Commission is the principal regulator for this application; and

- (b) The Filer has provided notice that section 4.7(1) of Multilateral Instrument 11-102 *Passport System (MI 11-102)* is intended to be relied upon in each of the other provinces and territories of Canada (together with Ontario, the **Jurisdictions**).

Interpretation

Terms defined in National Instrument 14-101 *Definitions* and MI 11-102 have the same meaning if used in this decision, unless otherwise defined.

Representations

This decision is based on the following facts represented by the Filer:

1. The head office of the Filer is located in London, Ontario. The Filer is a corporation governed under the laws of Canada. The Filer is a wholly-owned subsidiary of The Canada Life Assurance Company.
2. The Filer is registered as a portfolio manager in each province and territory of Canada and as an investment fund manager in each of Ontario, Québec and Newfoundland and Labrador. The Filer is registered as a commodity trading manager in Ontario.
3. Each of the Funds and each of the funds listed in Schedule A (the **Other Funds**) is a reporting issuer in the Jurisdictions.
4. Neither the Filer, nor any of the Funds or the Other Funds, are in default of securities legislation in any of the Jurisdictions.
5. The Filer is the manager and trustee of the Funds. The Filer is also the manager and trustee of the Other Funds listed in Schedule A.
6. Each Fund currently distributes its securities in the Jurisdictions pursuant to a simplified prospectus dated May 15, 2020, as amended by amendment no. 1 dated August 14, 2020 and amendment no. 2 dated January 4, 2021, and an annual information form dated May 15, 2020, as amended by amendment no. 1 dated August 14, 2020 and amendment no. 2 dated January 4, 2021 (collectively, the **Current Prospectus**). Each of the Other Funds currently distributes its securities in the Jurisdictions pursuant to the simplified prospectuses and annual information forms set forth in Schedule A.
7. The lapse date of the Current Prospectus under the Legislation is May 15, 2021 (the **Current Lapse Date**). Accordingly, under the Legislation, the distribution of securities of the Funds would have to cease on the Current Lapse Date unless: (i) the Funds file a *pro forma* simplified prospectus at least 30 days prior to the Current Lapse Date; (ii) the final simplified prospectus is filed no later than 10 days

- after the Current Lapse Date; and (iii) a receipt for the final simplified prospectus is obtained within 20 days after the Current Lapse Date.
8. The respective lapse dates of the current prospectuses of the Other Funds under the Legislation are August 14, 2021 and October 21, 2021.
 9. The Filer wishes to combine the simplified prospectuses of the Other Funds with the Current Prospectus of the Funds in order to reduce renewal, printing and related costs of the Funds and the Other Funds. Offering the Funds and the Other Funds under one prospectus would facilitate the distribution of the Funds in the Jurisdictions under the same simplified prospectus and enable the Filer to streamline disclosure across the Filer's fund platform. As the Funds and the Other Funds are managed by the Filer, offering them under the same simplified prospectus would allow investors to more easily compare the features of the Funds.
 10. In connection with the integration of the Other Funds, the simplified prospectus, annual information form and several fund facts documents require review and updating. Given the time required to perform these tasks accurately, the Filer would not have sufficient time to finalize and file the *pro forma* simplified prospectus and annual information form combining the Funds and the Other Funds as well as prepare and update the fund facts documents by at least 30 days prior to the Current Lapse Date.
 11. It would be impractical to alter and modify all the dedicated systems, procedures and resources required to prepare the renewal simplified prospectuses, annual information forms and fund facts documents, as applicable (the **Prospectus Documents**) of the Other Funds, and unreasonable to incur the costs and expenses associated therewith, so that the Prospectus Documents of the Other Funds can be filed earlier with the Prospectus Documents of the Funds.
 12. The Filer may make minor changes to the features of the Other Funds as part of the process of renewing the Other Funds' Prospectus Documents in August 2021. The ability to file the Prospectus Documents of the Funds with those of the Other Funds will ensure that the Filer can make the operational and administrative features of the Funds and the Other Funds consistent with each other, if necessary.
 13. There have been no material changes in the affairs of the Funds and the Other Funds since the date of the Current Prospectus and the date of the current prospectuses of the Other Funds, as amended, as applicable. Accordingly, the Current Prospectus, the current prospectuses of the Other Funds and the fund facts documents represent the current information of the Funds and Other Funds, as applicable.
 14. Given the disclosure obligation of the Funds and the Other Funds, should any material changes occur, the Current Prospectus of the Funds and the current prospectuses of the Other Funds will be amended as required under the Legislation.
 15. New investors of the Funds or of the Other Funds will receive delivery of the most recently filed fund facts document of the Funds or of the Other Funds, as applicable. The Current Prospectus of the Funds and the current prospectuses of the Other Funds will still be available upon request.
 16. The Requested Relief will not affect the accuracy of the information contained in the Current Prospectus of the Funds and the current prospectus of the Other Funds and therefore will not be prejudicial to the public interest.

Decision

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Requested Relief is granted.

- (b) the requirement in the Legislation that requires each Filer, for each investment fund in respect of which it is a management company, to file a report relating to a purchase or sale of securities between an investment fund and any related person or company within 30 days after the end of a month in which it occurs (the **Reporting Relief**); and
- (c) the restriction in paragraph 13.5(2)(a) of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations (NI 31-103)* prohibiting a registered adviser from knowingly causing an investment portfolio managed by it, including an investment fund for which it acts as adviser, to purchase the securities of any issuer in which a responsible person or an associate of a responsible person is a partner, officer or director, unless the fact is disclosed to the client and the written consent of the client to the purchase is obtained before the purchase (the “**Consent Relief**” and collectively with the Related Issuer Relief and the Reporting Relief, the “**Requested Relief**”).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

1. the Ontario Securities Commission is the principal regulator for this application; and
2. the Filers have provided notice that section 4.7(1) of Multilateral Instrument 11-102 *Passport System (MI 11-102)* is intended to be relied upon in each of the provinces and territories of Canada.

Interpretation

Unless expressly defined herein, terms in this decision have the respective meanings given to them in National Instrument 14-101 *Definitions* and MI 11-102.

The Underlying Funds

17. Each of the Initial Underlying Funds is organized as a trust and formed under the laws of the Province of Ontario.
18. The trustee of each of EHP Advantage Alternative Fund, EHP Advantage International Alternative Fund, EHP Foundation Alternative Fund, EHP Foundation International Alternative Fund, EHP Select Alternative Fund and EHP Global Arbitrage Alternative Fund is EHP.
19. EHP has entered into a master declaration of trust in respect of each of the Initial Underlying Funds, pursuant to which, EHP is responsible for directing the affairs of each Initial Underlying Fund and providing day-to-day management services to each Initial Underlying Fund, including management of each Initial Underlying Fund's investment portfolio on a discretionary basis and arranging for the distribution of the units of each Initial Underlying Fund, and such other services as may be required from time to time. EHP may delegate certain of these duties from time to time.
20. Each of the Underlying Funds has, or will have, separate investment objectives, strategies and/or restrictions.
21. The Underlying Funds are, or will be, reporting issuers in the provinces and territories of Canada and the securities of the Underlying Funds are, or will be, offered and issued pursuant to a simplified prospectus, annual information form and fund facts in the provinces and territories of Canada.

22. The investment objectives of the Initial Underlying Funds are as follows:
- (a) EHP Advantage Alternative Fund – The investment objective of the EHP Advantage Alternative Fund is to generate superior risk adjusted investment returns over the long-term by utilizing a multi-strategy approach consisting of diversified quantitative and systematic investment strategies.
 - (b) EHP Advantage International Alternative Fund – The investment objective of the EHP Advantage International Alternative Fund is to generate superior risk adjusted investment returns over the long-term by utilizing a multi-strategy approach consisting of diversified quantitative and systematic investment strategies.
 - (c) EHP Foundation Alternative Fund – The investment objective of the EHP Foundation Alternative Fund is to provide a positive total return, regardless of market conditions or general market direction, with low correlation to North American equity markets.
 - (d) EHP Foundation International Alternative Fund – The investment objective of the EHP Foundation International Alternative Fund, is to provide a positive total return, regardless of market conditions or general market direction, with low correlation to international developed equity markets.
 - (e) EHP Select Alternative Fund – The investment objective of the EHP Select Alternative Fund is to provide a better risk-adjusted return than the S&P TSX Composite Index, regardless of market conditions or general market direction. The Fund targets a volatility that is approximately equal to the S&P TSX Composite Index, but with lower correlation to the index and with lower peak-to-trough drawdowns.
 - (f) EHP Global Arbitrage Alternative Fund – The investment objective of the EHP Global Arbitrage Alternative Fund is to provide a positive total return over a market cycle, regardless of market conditions or general market direction, with low correlation to equity markets.

24. The Underlying Funds are, or will be, alternative mutual funds as defined under National Instrument 81-102 *Investment Funds (NI 81-102)*.
25. None of the Initial Underlying Funds are in default of securities legislation of any jurisdiction of Canada.

Fund-on-Fund Structure

26. The Top Funds allow investors in such investment funds to obtain exposure to the investment portfolios of the Underlying Funds and their respective investment strategies primarily through direct investments by the Top Funds in securities of the Underlying Funds (the **Fund-on-Fund Structure**). The Filers believe that the Fund-on-Fund Structure provides an efficient and cost-effective manner of pursuing portfolio diversification on behalf of the Top Funds rather than through the direct purchase of securities.
27. Investing directly in separate securities instead of allowing direct exposure to the securities invested in by the Underlying Fund is a less desirable option due to the increased costs and inefficiencies that are associated with such direct investing.
28. Investments by the Top Funds in the Underlying Funds will increase the asset base of the Underlying Funds enabling the Underlying Funds to further diversify their respective portfolios to the benefit of their investors. The larger asset base will also benefit investors in the Underlying Funds through achieving favourable pricing and transaction costs on portfolio trades, increased access to investments where there is a minimum subscription or purchase amount and economies of scale through greater efficiency.
29. Purchasers of securities of a Top Fund may subscribe for securities of the Top Funds pursuant to a subscription agreement (a **Subscription Agreement**).
30. Prior to executing a Subscription Agreement, the purchaser will be provided with a copy of the Top Fund's offering memorandum or, if no offering memorandum is prepared in respect of the Top Fund, the purchaser will be provided with details about the Top Fund and disclosure respecting relationships and potential conflicts of interest between the Top Fund and the applicable Underlying Fund.
31. An investment in an Underlying Fund by a Top Fund is, or will be, effected at an objective price.
32. The amounts invested from time to time in an Underlying Fund by a Top Fund may exceed 20% of the outstanding voting securities of the Underlying Fund. As a result, each Top Fund could either alone or together with other related investment funds, become a substantial securityholder of an Underlying Fund. The Top Funds and the Underlying Funds are, or will be, related investment funds by virtue of being under common management by Edgehill or EHP, or affiliates thereof.

33. In the absence of the Related Issuer Relief, the Top Funds would be constrained by the investment restrictions in Canadian securities legislation in terms of the degree to which they could implement the Fund-on-Fund Structure. Specifically, the Top Funds would be prohibited from: (i) becoming substantial securityholders of the Underlying Funds, either alone or together with related investment funds; and (ii) investing in an Underlying Fund in which an officer or director of the Top Fund's manager has a significant interest and/or investing in an Underlying Fund in which a person or company who is a substantial securityholder of the Top Fund or the Top Fund's manager, has a significant interest.
34. In the absence of the Consent Relief, each Top Fund would be precluded from investing in one or more Underlying Funds unless the specific fact is disclosed to securityholders of the Top Fund and the written consent of the securityholders of the Top Fund to the investment is obtained prior to the purchase, since an officer and/or director of Edgehill or EHP, as applicable, who may be considered a responsible person (as defined in section 13.5 of NI 31-103) or an associate of a responsible person, may also be a partner, officer and/or director of the applicable Underlying Fund.
35. According to the Legislation, every management company of an investment fund that is a reporting issuer shall file a report of every transaction of purchase or sale of securities between the investment fund and any 'related person or company' within 30 days after the end of the month in which it occurs. Each of the Top Funds may be a 'related person or company' of the Underlying Funds under the Legislation.
36. In the absence of the Reporting Relief, Edgehill or EHP, as applicable, acting as the management company of the Underlying Funds, would be required to file a report of every sale of securities of the Underlying Funds to the Top Funds within 30 days after the end of the month in which such sale occurs.
37. Any investment made by a Top Fund in an Underlying Fund will be aligned with the investment objectives, investment strategy, risk profile and other principal terms of the Top Fund.
38. A Top Fund's investments in the Underlying Funds represent the business judgment of a responsible person uninfluenced by considerations other than the best interests of the investment funds concerned.

Decision

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Requested Relief is granted, provided that Edgehill or EHP, as applicable, ensures that:

- (a) securities of a Top Fund are distributed in Canada solely pursuant to exemptions from the prospectus requirements in NI 45-106;
- (b) the investment by a Top Fund in an Underlying Fund is compatible with the fundamental investment objectives of the Top Fund;
- (c) an investment in an Underlying Fund by a Top Fund will be effected at an objective price, calculated in accordance with section 14.2 of NI 81-106;
- (d) a Top Fund will not invest in an Underlying Fund unless the Underlying Fund prepares annual audited financial statements for the Underlying Fund's most recently completed financial year and interim financial statements for the Underlying Fund's most recently completed interim period;
- (e) no Top Fund will purchase or hold a security of an Underlying Fund unless at the time of purchasing securities of the Underlying Fund, the Underlying Fund holds no more than 10% of its net asset value (**NAV**) in securities of other investment funds, unless the Underlying Fund:
 - (i) is a "clone fund" (as defined in NI 81-102);
 - (ii) purchases or holds securities of a "money market fund" (as defined in NI 81-102); or
 - (iii) purchases or holds securities that are "index participation units" (as defined by NI 81-102) issued by an investment fund;
- (f) no management fees or incentive fees are payable by a Top Fund that, to a reasonable person, would duplicate a fee payable by an Underlying Fund for the same service;
- (g) no sales fees or redemption fees are payable by the Top Fund in relation to its purchases, dispositions or redemptions of securities of an Underlying Fund that, to a reasonable person, would duplicate a fee payable by an investor in the Top Fund other than brokerage fees incurred for the purchase or sale of an index participation unit issued by an investment fund;

Decisions, Orders and Rulings

- (h) Edgehill or EHP, as applicable, will not vote, or cause to be voted, the securities of the applicable Underlying Fund held by a Top Fund at any meeting of holders of such securities except that Edgehill or EHP, as applicable, may arrange for the securities the Top Fund holds of an Underlying Fund to be voted by the beneficial owners of the securities of the Top Fund who are not Edgehill or EHP, as applicable, or an officer, director or substantial securityholder of Edgehill or EHP, as applicable;
- (i) when purchasing and/or redeeming securities of an Underlying Fund, Edgehill or EHP, as applicable, shall, as investment fund manager of the applicable Top Fund and Underlying Fund, act honestly in good faith and in the best interests of the Top Fund and the Underlying Fund, respectively, and shall exercise the care and diligence that a reasonably prudent person would exercise in comparable circumstances;
- (j) the offering memorandum, where available, or other disclosure document, of each of the Top Funds will be provided to all investors of the applicable Top Fund prior to the time of investment, and will disclose:
 - (i) that a Top Fund may purchase securities of one or more applicable Underlying Funds;
 - (ii) that Edgehill or EHP, as applicable, is the investment fund manager and portfolio manager of the Top Funds and that Edgehill or EHP, as applicable, or an affiliate thereof, is the investment fund manager and portfolio manager of the Underlying Funds;
 - (iii) that the Top Fund may invest all, or substantially all, of its assets in securities of Underlying Funds;
 - (iv) the fees, expenses and any performance or special incentive distributions payable by the Underlying Funds in which a Top Fund invests;
 - (v) the process or criteria used to select the Underlying Funds;
 - (vi) for each officer, director and/or substantial securityholder of Edgehill or EHP, as applicable, an affiliate thereof or of a Top Fund, that also has a significant interest in the applicable Underlying Fund, and for the officers and directors and substantial securityholders who together in aggregate hold a significant interest in the applicable Underlying Fund, the approximate amount of the significant interest they hold, on an aggregate basis, expressed as a percentage of the applicable Underlying Fund's NAV, and the potential conflicts of interest which may arise from such relationship;
 - (vii) that investors are entitled to receive from Edgehill or EHP, as applicable, or an affiliate thereof, on request and free of charge, a copy of the simplified prospectus, annual information form and fund facts of any Underlying Fund in which the Top Fund invests;
 - (viii) that investors are entitled to receive from Edgehill or EHP, as applicable, or an affiliate thereof, on request and free of charge, the annual audited financial statements and interim financial statements relating to any Underlying Fund in which the Top Fund invests;
- (k) Edgehill or EHP, as applicable, shall annually inform investors in a Top Fund of their right to receive from Edgehill or EHP, as applicable, on request and free of charge, a copy of each Underlying Fund's simplified prospectus, annual information form and fund facts and the annual audited financial statements and interim financial reports relating to each Underlying Fund in which the Top Fund invests; and
- (l) in respect of an Underlying Fund's sale of securities to a Top Fund, the annual and interim management reports of fund performance for the Underlying Fund will disclose this sale as a related party transaction in accordance with Item 2.5 of Part B of Form 81-106F1 – *Contents of Annual and Interim Management Report of Fund Performance*.

THE SECURITIES LEGISLATION OF
ONTARIO
(the “Jurisdiction”)**

AND

**IN THE MATTER OF
TOKENGX INC.
(The Filer)**

DECISION

Background

The Ontario Securities Commission (**OSC**), through the OSC LaunchPad support program, engages with fintech businesses that have innovative products, services or applications that benefit investors. The OSC LaunchPad support program assists businesses in navigating regulatory requirements and offers flexible approaches for them to fulfill regulatory requirements, including time-limited registration or exemptive relief from securities law requirements to allow them to test their innovative business models.

The Filer is developing a blockchain-based security token (**token**) trading platform for the trading among investors (**investors**) of their tokens that were distributed under prospectus exemptions in order to facilitate capital raising for issuers and to provide liquidity for the investors. The Filer participated in the Creative Destruction Lab’s (**CDL**) Blockchain Incubator Stream, a 10-month program in which blockchain founders are mentored by veteran entrepreneurs, investors and visionaries in artificial intelligence and blockchain. CDL is an Ontario-based incubator program with locations across Canada and the UK that provides assistance to various seed-stage businesses, including technology businesses with a focus on blockchain applications.

Generally, some liquidity and transferability of tokens is desired by investors to access their funds and for issuers in the development or growth stage of their business. Liquidity is limited for offerings of tokens under a prospectus exemption as the tokens issued are subject to resale restrictions.

The OSC recognizes that to keep abreast of and facilitate innovation, an environment to conduct commercial tests of novel business models, products and services is required. The Filer is seeking exemptive relief, as described below, to conduct a time-limited pilot test in order to gather data and operational feedback in a controlled environment, to assess the appropriate regulatory requirements, and to foster capital raising by innovative businesses in Canada and some liquidity for investors.

The Filer previously applied for and received exemptive relief from the prospectus requirement in a decision of the Ontario Securities Commission (**OSC**) as principal regulator and from marketplace requirements in a decision of the Director dated October

22, 2019 (together, the **Prior Decision**) under the securities legislation of the jurisdiction of the principal regulator (the **Legislation**). The Prior Decision was granted in the context of the OSC LaunchPad initiative and was made on a time-limited, test case basis, based on the unique facts and circumstances of the Filer.

The Filer has applied to amend the Prior Decision dated October 22, 2019 in order to continue to develop and pilot test its proposed business model in a sandbox environment for a time-limited period, subject to certain conditions. This decision (the **Decision**) has also been considered in the context of the OSC LaunchPad initiative and is based on the unique facts and circumstances of the Filer and for the limited purpose of allowing the Filer to pilot test its business in a limited commercial setting. Accordingly, this Decision should not be viewed as a precedent for other filers.

Relief Sought for Time-Limited Pilot Testing

The principal regulator in the Jurisdiction has received an application from the Filer, on behalf of itself and the Selling Token Holders (as defined below), for a decision under the securities legislation of the Jurisdiction of the principal regulator (the **Legislation**) to repeal the Prior Decision dated October 22, 2019 effective as of the date of this Decision and pursuant to:

- (a) section 15.1 of National Instrument 21-101 *Marketplace Operation* (**NI 21-101**) for relief in whole from the requirements of NI 21-101;
- (b) section 12.1 of National Instrument 23-101 *Trading Rules* (**NI 23-101**) for relief in whole from the requirements of NI 23-101;
- (c) section 10 of National Instrument 23-103 *Electronic Trading and Direct Access to Marketplaces* (**NI 23-103**) for relief in whole from the requirements of NI 23-103; and
- (d) section 74 of the *Securities Act* (Ontario) (the **Act**) for relief from the prospectus requirement in section 53 of the Act (the **Prospectus Relief**)

subject to conditions and restrictions outlined in the Decision in order to operate the Secondary Trading Platform (as defined below) for a pilot test period (collectively, the **Relief Sought**).

Interpretation

Terms defined in National Instrument 14-101 *Definitions* have the same meaning if used in this Decision, unless otherwise defined.

Representations

This Decision is based on the following facts represented by the Filer:

The Filer

1. The Filer is a blockchain business incorporated under the *Business Corporations Act* (Ontario) on May 31, 2018. Its head office is located in Toronto, Ontario.
2. All of the outstanding common shares of the Filer are held equally by Alan Wunsche and Laura Pratt.
3. The Filer is an affiliate of Token Funder Inc. (**TokenFunder**). All of the outstanding common shares of TokenFunder are held by Leading Knowledge Ltd., an Ontario corporation controlled by Alan Wunsche, and Matt Yang.
4. Pursuant to a decision dated October 17, 2017, TokenFunder was granted relief from the dealer registration requirement in the Legislation in order to distribute its own tokens (the **FNDR Tokens**) to fund the development of an on-line platform (the **Primary Distribution Platform**) that facilitates the initial distribution of crypto assets to investors pursuant to available prospectus exemptions.
5. TokenFunder subsequently completed an offering of the FNDR Tokens by way of an initial token offering (**ITO**), pursuant to the offering memorandum prospectus exemption (the **OM Exemption**) in section 2.9 of National Instrument 45-106 *Prospectus Requirements* (**NI 45-106**).
6. TokenFunder completed the development of the Primary Distribution Platform and the Filer became registered as an Exempt Market Dealer (**EMD**) in Alberta, British Columbia, Ontario and Québec on April 17, 2019 to operate the Primary Distribution Platform.
7. The Filer's registration is subject to terms and conditions given that it is a novel business focused on facilitating the ITOs through an on-line platform.
8. The Filer is not in default of securities legislation in any jurisdiction of Canada. The Filer is not in default of Ontario

securities law, except that the Filer has not complied with term and condition XXXIX of the Prior Decision. Specifically, the Filer has not filed Form 21-102F2 *Information Statement Alternative Trading System* to seek approval to operate a marketplace and has not filed the required application to seek membership with the Investment Industry Regulatory Organization of Canada since the Filer has not launched the Secondary Trading Platform (as defined below).

Initial Token Offerings on the Primary Distribution Platform

9. The Filer provides advisory, technology implementation and brokerage services for issuers in connection with crypto-asset offerings by way of ITOs. Each ITO is organized according to a set of rules via a smart contract (a **Smart Contract**) that is represented as a token on a distributed ledger, the Ethereum public blockchain. The Filer assists issuers in the deployment and management of standardized Smart Contracts specifically developed by TokenFunder for the Primary Distribution Platform.
10. The tokens are digital assets which represent an equity interest or debt, are distributed pursuant to prospectus exemptions and can only be distributed through the Primary Distribution Platform or Secondary Trading Platform (**Issuer Tokens**).
11. The Filer develops the Smart Contracts using open source code and will use various online resources to test and review the Smart Contracts. The Filer will review the smart contract audit reports generated by smart contract audit tools and will address any issues identified by those reviews prior to the deployment of those Smart Contracts.
12. As part of the investor account opening process, the Filer collects know-your-client information to verify the identity of the investor and collects information necessary for the Filer to conduct a suitability assessment for each investor. An investor's information is added to a smart contract digital account identifier list (**KYC Whitelist**) that corresponds to the investor's vetted investor category, such as accredited investor as defined in the Act and NI 45-106 (**Accredited Investor**). A prospective investor must be verified and approved by the Filer to be on the KYC Whitelist before they are permitted to participate in any offerings through the Primary Distribution Platform.
13. The Filer uses technology to facilitate the determination of whether a purchase of an Issuer Token is suitable for an investor before accepting an instruction from that investor to buy that Issuer Token on the Primary Distribution Platform.
14. The Filer requires investors to purchase Issuer Tokens through the Primary Distribution Platform using fiat currency. The funds are held at a Canadian custodian (as defined in section 1.1 of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registration Obligations*) in a trust account designated for that Issuer until such time the offering period has closed.
15. Investors purchasing Issuer Tokens through the Primary Distribution Platform do so through digital wallets not controlled by the Filer or affiliates of the Filer. An investor's interest in Issuer Tokens is recorded on the Ethereum blockchain. Investors control the private keys to the public digital wallet address. The Filer does not act as custodian for any Issuer Tokens that are assets of the Filer's clients.
16. All Issuer Tokens issued are deployed on the decentralized Ethereum public blockchain. Issuer Token transaction data will be immutably recorded on the blockchain and all Issuer Token transactions will be visible to the public and can be verified.
17. In order to address transferability restrictions of Issuer Tokens, the Filer designed a blockchain-based transfer controller (the **Transfer Controller**) which enables it to manage transactions of Issuer Tokens and future tokens issued. For example, the investor category from the KYC Whitelist (e.g., retail and Accredited Investor) is embedded in the Transfer Controller to manage transferability restrictions. This feature differentiates tokens issued via the Primary Distribution Platform from other "ERC-20" tokens in circulation on the Ethereum blockchain. The Primary Distribution Platform is designed to incorporate the KYC Whitelist and the Transfer Controller – for example, should an investor attempt to transfer an Issuer Token to another digital wallet belonging to an individual that has not been onboarded by the Primary Distribution Platform and included in the KYC Whitelist, the Transfer Controller would automatically stop the transfer of the Issuer Token to another wallet from occurring.

Secondary Trading Platform

18. Secondary trading of Issuer Tokens distributed on the Primary Distribution Platform pursuant to prospectus exemptions and FNDR Tokens will take place on the FreedomX platform (the **Secondary Trading Platform**) operated by the Filer.
19. The participants on the Secondary Trading Platform will be limited to sellers that are resident in Ontario (**Selling Token Holders**) and purchasers that are resident in Ontario (**Purchasers**, and together with Selling Token Holders, **Participants**).

20. The Secondary Trading Platform will be comprised of an order book displaying buy and sell orders entered by the Participants (the **Order Book**), with an interface system that utilizes blockchain smart contracts to execute the transactions that occur in the Order Book. The Participants will interact with one another on the Order Book.
21. Participants may view the Order Book and enter buy or sell orders for the FNDR Token or Issuer Token they wish to trade which includes the quantity and price. The Order Book will display buy and sell orders created by the Participants.
22. Participants who purchased Issuer Tokens through the Primary Distribution Platform will have previously been onboarded by the Filer. Parties that are seeking to purchase Issuer Tokens on the Secondary Trading Platform that did not purchase Issuer Tokens on the Primary Distribution Platform must first be onboarded by the Filer before being permitted to purchase Issuer Tokens. The Filer will onboard Participants to the Secondary Trading Platform in the same manner as any other investor on the Primary Distribution Platform, with the investor status included on the KYC Whitelist and with all transactions on the Secondary Trading Platform subject to the Transfer Controller mechanism. As such, all Participants are vetted by the Filer prior to gaining access and trading on the Secondary Trading Platform as set out in paragraphs 12 and 13 of the Decision.
23. The Filer, through the Transfer Controller, has rules regarding when transfers of FNDR Tokens and Issuer Tokens are permitted or prohibited, and which Participants may enter orders of FNDR Tokens and Issuer Tokens on the Secondary Trading Platform. This includes confirmation that a Participant is on the KYC Whitelist.
24. The Filer, through the Transfer Controller and KYC Whitelist, will confirm that the Purchaser is an Ontario resident and the Purchaser's investor status.
25. For Purchasers that are not Accredited Investors, the Filer, through the Transfer Controller and KYC Whitelist, will not permit the acquisition cost of the FNDR Tokens and Issuer Tokens acquired by the Purchaser on the Secondary Trading Platform to exceed \$2,500 for all trades on the Secondary Trading Platform.
26. Subject to suitability, once a Participant's order is matched to an existing order, the smart contract automatically executes the transactions and the FNDR Tokens or Issuer Tokens are transferred between Participant's digital wallets, with the transaction published on the public blockchain. The Order Book is simultaneously updated to reflect outstanding open orders. Payment is made using the Settlement Balance Token (as defined below).
27. The Filer will limit the tokens made available by Participants for trading on the Secondary Trading Platform during the pilot test to
 - (a) FNDR Tokens,
 - (b) Issuer Tokens from no more than ten (10) Ontario issuers whose tokens were issued through the Primary Distribution Platform, and
 - (c) Settlement Balance Tokens (as defined below).
28. The Filer will require any issuer that wishes for its Issuer Tokens to be made available on the Secondary Trading Platform to have conducted at least one previous distribution in reliance of the OM exemption, such that there is an offering memorandum available, and be in compliance with the requirements pursuant to the OM Exemption.

Background

The principal regulator in the Jurisdiction has received an application from the Filer for an order under the securities legislation of the Jurisdiction of the principal regulator (the **Legislation**) that the Filer has ceased to be a reporting issuer in all jurisdictions of Canada in which it is a reporting issuer (the **Order Sought**).

Under the Process for Cease to be a Reporting Issuer Applications (for a passport application):

- a) the Ontario Securities Commission is the principal regulator for this application, and
- b) the Filer has provided notice that subsection 4C.5(1) of Multilateral Instrument 11-102 – *Passport System (MI 11-102)* is intended to be relied upon in British Columbia, Alberta, Saskatchewan, Manitoba, Québec, New Brunswick, Nova

Interpretation

Terms defined in National Instrument 14-101 – *Definitions* and MI 11-102 have the same meaning if used in this order, unless otherwise defined.

Representations

This order is based on the following facts represented by the Filer:

1. The Filer was formed under the *Canada Business Corporations Act* on December 31, 1998 by the amalgamation of Noranda Forest Inc. and NFI Forest Holdings Ltd. The Filer filed Articles of Arrangement and Restated Articles of Incorporation on June 30, 2004 to facilitate the transfer of its paper and timber business to a new public company, Fraser Papers Inc., and changed its name from Nexfor Inc. to Norbord Inc. The Filer filed Articles of Amendment on October 16, 2009 in connection with its one for ten share consolidation effective the same date. On July 15, 2015, the Filer filed Articles amalgamating the Filer and Ainsworth Lumber Co. Ltd.
2. The Filer Shares (as defined below) were listed on the TSX and the NYSE under the symbol “OSB”. No other securities of the Filer were listed on any exchange.
3. The Filer’s head office is at Suite 600, 1 Toronto Street, Toronto, Ontario, M5C 2W4.
4. West Fraser Timber Co. (**West Fraser**) is a corporation existing under the *Business Corporations Act* (British Columbia). West Fraser’s authorized share capital consists of 400,000,000 common shares (the West Fraser Shares), 20,000,000 Class B common shares and 10,000,000 preferred shares issuable in series. The West Fraser Shares are listed on the Toronto Stock Exchange (the **TSX**) under the symbol “WFG”. On February 1, 2021, the West Fraser Shares were listed on the New York Stock Exchange (the NYSE) under the symbol “WFG”. West Fraser is a reporting issuer in each province and territory of Canada and is not in default of securities legislation in any jurisdiction.
5. The Filer entered into an arrangement agreement dated November 18, 2020 (the **Arrangement Agreement**) with West Fraser, whereby West Fraser acquired all of the issued and outstanding common shares of the Filer pursuant to a plan of arrangement under the *Business Corporations Act* (Ontario).

6. Immediately prior to the Effective Time (as defined below), the Filer had the following issued and outstanding securities: (i) 80,719,543 common shares (the **Filer Shares**); (ii) 1,315,504 options to purchase Filer Shares under the option plan of the Filer (the **Standard Filer Options**); (iii) 3,032 options to purchase Filer Shares under the option plan of the Filer for employees of the Filer's United Kingdom subsidiary (the **UK Filer Options** and, together with the Standard Filer Options, the **Filer Options**) (iv) 216,642 restricted share units (the **Filer RSUs**) (rounded to the nearest whole number); (v) 92,149 deferred share units (the **Filer DSUs**) (rounded to the nearest whole number); (vi) CDN\$350,000,000 million principal amount of 5.75% Senior Secured Notes due July 2027 (the **5.75% Notes**); and (vii) CDN\$315,000,000 million principal amount of 6.25% Senior Secured Notes due April 2023 (the **6.25% Notes** and, together with the 5.75% Notes, the **Filer Notes**).
 7. The Filer distributed the meeting materials (which included, among other things, the information circular (the **Filer Circular**), notice of meeting and letter of transmittal) on December 24, 2020 to the holders of the Filer Shares in connection with the special meeting of holders of Filer Shares that took place on January 19, 2021 to consider the Arrangement in accordance with the order of the Ontario Superior Court. Holders of Filer Options, Filer RSUs and Filer DSUs were distributed the notice of meeting and Filer Circular.
 8. The Filer disclosed in the Filer Circular that it intended to apply to cease to be a reporting issuer under the securities legislation of each of the provinces and territories of Canada under which it is currently a reporting issuer (or equivalent) or take or cause to be taken such other measures as may be appropriate to ensure that the Filer is not required to prepare and file continuous disclosure documents.
 9. On January 19, 2021, the shareholders of each of West Fraser and the Filer approved a statutory plan of arrangement under the *Business Corporations Act* (Ontario) pursuant to the Arrangement Agreement (the **Arrangement**).
 10. On February 1, 2021 (the **Effective Date**), West Fraser acquired all of the issued and outstanding common shares of the Filer, pursuant to the Arrangement, which became effective at 8:22 AM (Toronto time) (the **Effective Time**) on the Effective Date.
 11. Immediately prior to the Effective Time:
 - (a) each outstanding Filer Share was automatically exchanged for 0.6750 common shares (the **Exchange Ratio**) of West Fraser Shares;
 - (b) each outstanding Standard Filer Option was automatically exchanged for a replacement option of West Fraser (the **West Fraser Options**) that entitles the holder to receive the number of West Fraser Shares based on the Exchange Ratio at an exercise price adjusted in accordance with the Exchange Ratio (therefore there are no Standard Filer Options outstanding);
 - (c) each outstanding UK Filer Option remained outstanding on their existing terms, except the Filer Shares subject to the UK Filer Options were substituted for West Fraser Shares based on the Exchange Ratio at an exercise price adjusted in accordance with the Exchange Ratio; and
 - (d) each outstanding Filer RSU and Filer DSU remained outstanding on their existing terms, except the Filer Shares subject to the Filer RSUs and Filer DSUs were substituted for West Fraser Shares and adjusted to reflect the Exchange Ratio; all Filer RSUs and Filer DSUs are cash-settled with reference to the value of West Fraser Shares and are not exercisable into West Fraser Shares.
 12. Following the Effective Date, the Filer became a wholly-owned subsidiary of West Fraser.
 13. The Filer Shares were delisted from the TSX on February 2, 2021 and from the NYSE on February 1, 2021
 14. As of the date hereof, the Filer has the following outstanding securities: (i) 106,773 Filer RSUs (rounded to the nearest whole number); (ii) 11,379 Filer DSUs (rounded to the nearest whole number); (iii) 3,032 UK Filer Options (iv) CDN\$350,000,000 million in aggregate principal amount of 5.75% Notes; and (v) CDN\$315,000,000 million in aggregate principal amount of 6.25% Notes.
- Filer RSUs and Filer DSUs*
15. The Filer RSUs and Filer DSUs are notional, cash-settled incentive securities granted to directors, officers and other employees of the Filer under the Filer's long-term incentive plan (the **LTIP**). They are, by their nature and pursuant to the terms of the LTIP, non-transferable and not convertible into any other security, or otherwise available to the public.
 16. The holders of Filer RSUs and Filer DSUs are not entitled to receive any ongoing disclosure about the Filer; instead holders of Filer RSUs and Filer DSUs, have access to West Fraser's continuous disclosure record, which is the disclosure relevant to such holders since the Filer RSUs and Filer DSUs are cash-settled with reference to the value

of West Fraser Shares. The Filer RSUs and Filer DSUs are not exercisable for West Fraser Shares, and no Filer Shares or West Fraser Shares will be issued upon exercise of the Filer RSUs or Filer DSUs.

17. Based on the registers of holders of the Filer RSUs maintained by the Filer, as of March 5, 2020, there were 71 holders of Filer RSUs residing in the following jurisdictions:

- (a) 41 in Canada (representing 82.06% of the total aggregate Filer RSUs) of which,
 - i. three (3) reside in Alberta (representing 1.65% of the total aggregate Filer RSUs);
 - ii. one (1) resides in British Columbia (representing 0.60% of the total aggregate Filer RSUs);
 - iii. 33 reside in Ontario (representing 78.05% of the total aggregate Filer RSUs); and
 - iv. four (4) reside in Québec (representing 1.76% of the total aggregate Filer RSUs);
- (b) 16 in the United States (representing 10.04% of the total aggregate Filer RSUs) and;
- (c) 14 in other foreign jurisdictions (representing 7.90% of the total aggregate Filer RSUs).

18. Based on the registers of Filer DSUs maintained by the Filer, as of March 5, 2020, there were eight (8) holders of Filer DSUs residing in the following jurisdictions:

- (a) five (5) in Canada (representing 53.87% of the total aggregate Filer DSUs) all of which reside in Ontario; and
- (b) three (3) of which were in the United States (representing 46.13% of the total aggregate Filer DSUs).

The UK Filer Options

19. The UK Filer Options are incentive securities granted under the option plan of the Filer for employees of the Filer's United Kingdom subsidiary, which forms part of the LTIP. They are, by their nature, non-transferable. The holders of UK Filer Options are not entitled to receive any ongoing disclosure about the Filer. Further, holders of UK Filer Options have access to West Fraser's continuous disclosure record, which is the disclosure relevant to such holders since the UK Filer Options are now exercisable for West Fraser Shares.

20. Based on the registers of the holders of the UK Filer Options maintained by the Filer, as of March 5, 2020, there were two (2) holders in the United Kingdom holding all issued and outstanding UK Filer Options.

21. In connection with the Arrangement, additional West Fraser Shares are authorized for issuance upon exercise of the UK Filer Options.

The Filer Notes

22. The 5.75% Notes were issued pursuant to the indenture (**the 5.75% Indenture**) dated as of June 24, 2019 between the Filer, as issuer, and Computershare Trust Company, N.A., as trustee (the **Trustee**). The 6.25% Notes were issued pursuant to the indenture (**the 6.25% Indenture**) and, together with the 5.75% Indenture, the **Indentures**) dated as of April 16, 2015 between the Filer, as issuer, and the Trustee. The Filer Notes are not voting nor are they convertible or exchangeable into Filer Shares (or any other equity securities).

23. The Filer Notes were issued on a private placement basis pursuant to Rule 144A under the U.S. Securities Act of 1933, as amended, to "qualified institutional buyers" (**QIBs**) in the United States and pursuant to National Instrument 45-106 *Prospectus Exemptions (NI 45-106)*, section 2.3 – *Accredited Investors* to Canadian purchasers, and not pursuant to a prospectus, registration statement or similar instrument that would allow sale of the Filer Notes to the general public. To the Filer's knowledge based on the Ipreo Report (as defined below), the Filer Notes are currently owned by QIBs and Accredited Investors, as defined by NI 45-106.

24. The disclosure to Canadian purchasers in the offering of Filer Notes stated that any resale of the Filer Notes would need to be in compliance with Canadian securities laws. The disclosure to U.S. purchasers in the offering of Filer Notes stated that any resale of the Filer Notes would need to be in compliance with U.S. securities laws and that the Notes could be resold to other QIBs. There are restrictions on transfer to give effect to U.S. securities laws and securities transfer legends addressing both Canadian and U.S. transfer restrictions.

25. The Filer Notes are issued in book-entry form and are represented by global certificates registered in a nominee name of The Depository Trust Company (**DTC**), with beneficial interests therein recorded in records maintained by DTC and its participants as intermediaries or financial institutions that hold securities on behalf of their clients.

26. In accordance with industry practice and custom, the Filer obtained a geographic survey of beneficial holders of the Filer Notes from Broadridge Financial Solutions Inc. (**Broadridge**) on February 26, 2021

- (and on March 4, 2021 for certain United States data), which provides information as to the number of noteholders and Filer Notes in each jurisdiction of Canada, the United States and other foreign jurisdictions (the Geographic Report). Broadridge advises that its reported information is based on securityholder addresses of record identified in the files provided to it by the intermediaries or financial institutions holding Filer Notes. Further, the Geographic Report does not provide consolidated information for the Filer Notes.
27. The Geographic Report covers approximately 88.8% of the outstanding principal amount of 5.75% Notes for a total of CDN \$310,953,000 and reports a total of 313 beneficial holders residing in the following jurisdictions:
- (a) 17 in Canada holding 8.30% of the principal amount of the 5.75% Notes of which,
 - i. one (1) resides in British Columbia (representing 0.29% of the principal amount of 5.75% Notes);
 - ii. 16 reside in Ontario (representing 8.01% of the principal amount of 5.75% Notes);
 - (b) 294 in the United States holding 73.41% of the principal amount of 5.75% Notes (including 83 foreign accounts reported by U.S. brokers reporting to Broadridge for an aggregate of CDN\$53,045,000); and
 - (c) two (2) in another foreign jurisdiction holding 7.13% of the principal amount of 5.75% Notes.
28. The Geographic Report covers approximately 72.3% of the outstanding principal amount of the 6.25% Notes for a total of CDN\$227,787,000 and reports a total of 162 beneficial holders residing in the following jurisdictions:
- (a) ten (10) in Canada, holding 1.73% of the principal amount of 6.25% Notes of which,
 - i. five (5) reside in Alberta (representing 0.016% of the principal amount of 6.25% Notes);
 - ii. one (1) resides in British Columbia (representing 0.006% of the principal amount of 6.25% Notes); and
 - iii. four (4) reside in Ontario (representing 1.706% of the principal amount of 6.25% Notes);
 - (b) 151 in the United States holding 70.27% of the principal amount of 6.25% Notes (including 29 foreign accounts reported by U.S. brokers reporting to Broadridge for an aggregate of CDN\$49,380,000); and
 - (c) one (1) in another foreign jurisdiction holding 0.32% of the principal amount of 6.25% Notes.
29. As the Geographic Report does not provide data on a consolidated basis, there may be duplicated Filer Note holders in the above distribution of Filer securityholders as each holder of the 5.75% Notes and 6.25% Notes was counted as unique.
30. Broadridge has confirmed that its searches are unable to report on 100% of the geographic ownership of the Filer Notes.
31. In addition to obtaining the Geographic Report, the Filer obtained a report from Ipreo (the **Ipreo Report**), a financial services technology, data and analytics services provider, which provided certain proprietary information on the ownership levels of various constituencies holding the Filer Notes as of February 2021. Ipreo searches are unable to report on 100% of the ownership of the Filer Notes. Further, the information in the Ipreo Report is based on securityholders of record identified in the files provided to it by the financial institutions holding Filer Notes.
32. The Ipreo Report covers approximately 66.5% of the outstanding principal amount of the Filer Notes and reports nine (9) holders in Canada holding CDN\$69,134,352, 72 holders in the United States holding CDN\$329,964,919 and 12 holders in other foreign jurisdictions holding CDN\$43,016,242 (holders of both 5.75% Notes and 6.25% Notes were counted once).
33. The Filer also obtained from DTC security position reports indicating the position of each financial intermediary holding Filer Notes through DTC as of February 22, 2021 (the **DTC Position Reports**). DTC reported on 100% of the ownership of the Filer Notes. The DTC Position Reports provide all the names of the financial intermediaries that are reported by DTC as holding the Filer Notes and cover the entire CDN \$350,000,000 principal amount of the 5.75% Notes and CDN \$315,000,000 principal amount of the 6.25% Notes.
34. The Filer retained Georgeson, a proxy solicitation and strategic shareholder communications service provider, to analyze the DTC Position Reports and conduct such further inquiries to confirm the number of noteholders and Filer Notes in each jurisdiction of Canada, the United States and other foreign jurisdictions.
35. To the knowledge of the Filer after diligent enquiry and based on the information contained in the DTC Position Reports, the Filer Notes are held by financial intermediaries in the following jurisdictions:

- (a) 11 financial intermediaries in Canada for a total CDN\$45,288,000 principal amount of Filer Notes (representing approximately 6.81% of the aggregate outstanding principal amount of Filer Notes); and
- (b) 41 financial intermediaries in the United States and other foreign jurisdictions for a total CDN\$619,712,000 principal amount of Filer Notes (representing approximately 93.19% of the aggregate principal amount of Filer Notes).
36. The DTC Position Reports do not provide information regarding beneficial ownership of the Filer Notes and the Filer cannot access such information or make further inquiries of DTC in this regard. As such, the Filer cannot, despite diligent enquiry, identify beneficial holders that are not covered by the Geographic Report or the Ipreo Report (or obtain information regarding the number or jurisdiction of residence of such beneficial Filer Note holders). However, even if one were to assume that all Filer Notes held by financial intermediaries in Canada were beneficially owned by holders resident in Canada, such holders would only hold approximately 4.98% of the outstanding principal amount of 5.75% Notes, 8.84% of the outstanding principal amount of 6.25% Notes and 6.81% of the aggregate principal amount of all outstanding Filer Notes.
37. Pursuant to the terms of the Indentures, upon completion of the Arrangement, the Filer made a change of control offer on March 2, 2021 to acquire all outstanding Filer Notes at 101% of the principal amount plus accrued and unpaid interest (the **Tender Offer**). Any Filer Notes that are not tendered to the Tender Offer will continue to remain outstanding obligations of the Filer, subject to the terms and conditions of the Indentures. If holders of not less than 90% of the aggregate principal amount of the outstanding 5.75% Notes or the outstanding 6.25% Notes validly tender to the Tender Offer, the Filer will have the right to redeem all of the 5.75% Notes or the 6.25% Notes that remain outstanding, respectively, at a purchase price equal to 101% of the principal amount plus accrued and unpaid interest. According to DTC position reports, it is the Filer's understanding that two holders deposited an aggregate of \$575,000 of the 5.75% Notes (representing 0.16% of the principal amount of 5.75% Notes) and two holders deposited an aggregate of \$1,117,000 of the 6.25% Notes (representing 0.35% of the principal amount of 6.25% Notes) under the Tender Offer.
38. Under the Indentures the Filer is deemed to have satisfied its financial reporting obligations if it furnishes the financial information (including MD&A) of the Filer's parent company (West Fraser). In addition, the Filer is required to provide unaudited consolidating information that explains in reasonable detail the differences between the financial statements of West Fraser and the financial statements relating to the Filer, on a standalone basis. No standalone MD&A of the Filer is required.
- Total Outstanding Securityholders*
39. Based on the Filer's records and the Geographic Report, it is the Filer's understanding that the Filer's securities are beneficially owned, directly or indirectly held by 556 securityholders, including:
- (a) 73 in Canada, representing 13.13% of aggregate securityholders; and
- (b) 483 worldwide, representing 86.87% of aggregate securityholders. Of this number, 464 are in the United States (inclusive of accounts outside of the United States reported by U.S. brokers) representing 83.45% of aggregate securityholders and 19 in other foreign jurisdictions representing 3.42% of aggregate securityholders.
40. On April 6, 2021, West Fraser announced that the Filer will redeem on May 6, 2021 all of the outstanding 5.75% Notes. The redemption will be completed under the optional redemption provisions of the 5.75% Indenture at a redemption price equal to 100% of the principal amount of the 5.75% Notes plus a make-whole premium based on the July 15, 2022 early call date together with accrued and unpaid interest to, but excluding, the redemption date. On and after the date of redemption, the 5.75% Notes will no longer be outstanding, interest thereon will cease to accrue and all rights of the holders of the 5.75% Notes will cease to exist, except for the right to receive the redemption price on the date of redemption.
41. The Filer is not required to remain a reporting issuer pursuant to the terms of the Filer RSUs, the Filer DSUs, the UK Filer Options, or the Indentures.
42. The Filer is not a reporting issuer in any jurisdiction of Canada other than the jurisdictions identified in this order. The Filer is applying for exemptive relief to cease to be a reporting issuer in all of the jurisdictions of Canada in which it is currently a reporting issuer.
43. The Filer is not in default of securities legislation in any jurisdiction.
44. The Filer has no intention to seek public financing by way of an offering of securities.
45. The Filer is not an OTC reporting issuer under Multilateral Instrument 51-105 – *Issuers Quoted in the U.S. Over-the-Counter Markets*.
46. The Filer Notes are not listed on any stock exchange. The Filer Notes trade through broker-dealer networks as over-the-counter secondary

market transactions; all broker-dealers who are Financial Industry Regulatory Authority (**FINRA**) member firms have an obligation to report over-the-counter secondary market transactions in eligible fixed income securities to FINRA's Trade Reporting and Compliance Engine (**TRACE**) under a set of rules approved by the SEC; after trades of the Notes are reported to TRACE, they also appear on FINRA's BondFacts and Market Data platforms, which are both accessible to the public.

47. Other than as represented in this order, no securities of the Filer, including debt securities, are traded in Canada or another country on a marketplace as defined in National Instrument 21-101 — *Marketplace Operation* or any other facility for bringing together buyers and sellers of securities where trading data is publicly reported.
48. The Filer is not eligible to surrender its status as a reporting issuer pursuant to the simplified procedure in National Policy 11-206 – *Process for Cease to be a Reporting Issuer Applications* because its outstanding securities, including debt securities, are not beneficially owned, directly or indirectly, by fewer than 15 securityholders in each of the jurisdictions of Canada and fewer than 51 securityholders in total worldwide.
49. The Filer issued a news release on March 29, 2021 specifying that the Filer had applied for the Order Sought.
50. Upon the granting of the requested exemptive relief, the Filer will not be a reporting issuer or the equivalent in any jurisdiction of Canada.

Order

The principal regulator is satisfied that the order meets the test set out in the Legislation for the principal regulator to make the order.

The decision of the principal regulator under the Legislation is that the Order Sought is granted.

DATED at Toronto on this 16th day of April, 2021.

REASONS FOR DECISIONS

I. OVERVIEW

- [1] In December 2018, the Commission approved a settlement between Katanga Mining Limited (**Katanga**) and Staff of the Commission. Katanga now applies to vary the terms of the Commission's order¹ approving the settlement.
- [2] One term of the settlement called for a review of Katanga's accounting practices and procedures by an external consultant. The consultant's work is substantially complete but was interrupted by the pandemic.
- [3] Katanga asks that the consultant's review be concluded on terms acceptable to Katanga and the consultant, and that once the review is concluded, Katanga and the consultant be released from any further obligations under the settlement.

¹ (2018) 41 OSCB 9981

[4] On January 6, 2021, we issued two orders. In the first, we dismissed the request by a former Katanga investor for intervenor status in this application.² In the second, we granted Katanga's requested variation.³ These are our reasons for the two orders. We begin with Katanga's application and then address two procedural issues – the request for intervenor status, and service of the application.

II. KATANGA'S APPLICATION

[5] Section 144 of the *Securities Act*⁴ (the **Act**) authorizes the Commission to revoke or vary an earlier decision on the application of a company affected by the earlier decision. The Commission may do so if, in its opinion, the requested order would not be prejudicial to the public interest.

[6] Katanga submits that its requested variation would not be prejudicial to the public interest. Katanga notes that:

- a. it has relinquished its status as a reporting issuer;
- b. the consultant's work is substantially complete;
- c. the only remaining step in the consultant's planned work is the testing of certain metals accounting procedures;
- d. the pandemic has caused an indefinite postponement of that remaining work; and
- e. Katanga has otherwise complied with all its obligations under the settlement.

[7] Staff supports Katanga's application and consents to the requested relief.

[8] We see no reason to disagree, and we place significant weight on Staff's consent. The Commission accorded significant deference to Staff on the original settlement, as it does on all settlements. That deference should be no less regarding a variation of the original settlement.

[9] Under the circumstances, varying the original order as requested would not be prejudicial to the public interest.

III. PROCEDURAL ISSUES

[10] Two procedural issues arose in connection with Katanga's application. We begin by addressing service of the application. We then explain our reasons for dismissing a former Katanga investor's request for intervenor status.

1. Service on other parties to the settlement

[11] Rule 15(2) of the *Ontario Securities Commission Rules of Procedure and Forms*⁵ (the **Rules**) states that when an application is brought under s. 144 of the Act, the applicant must serve the Application and Notice of Hearing on every other party to the original proceeding.

[12] In this case, the original proceeding named eight respondents – Katanga, and seven individuals who were officers and/or directors of Katanga. If Katanga were to comply with the prescribed service requirement on this application, it would have had to serve all those individuals.

[13] Katanga asked that we waive the requirement to serve the individuals, as we are authorized to do by Rule 6(4) of the Rules. The individuals are no longer officers or directors of Katanga. The proposed variation would not affect them. Katanga submits that it would be unduly burdensome to serve them because the individuals reside in a number of foreign jurisdictions and they can no longer be served through the counsel that represented them in the original proceeding.

[14] Staff supports Katanga's request that we waive service.

[15] We agree with Katanga and Staff that in the exceptional circumstances of this case, it is appropriate for us to waive service on the individual respondents as requested.

2. Request for intervenor status

[16] Terence Moyana, a former investor in Katanga, requested intervenor status in this application, pursuant to Rule 21(4) of the Rules. He submitted that if we were to grant Katanga's request to vary the original order, he might be prejudiced in his ability to obtain information that would be relevant to determining whether Katanga's conduct contributed to his financial losses.

[17] Katanga opposed Moyana's request. Staff took no position.

[18] We dismissed Moyana's request to participate in this application for two reasons.

[19] First, Moyana's stated objective of obtaining information to assist him in asserting a claim against Katanga bears no relation to Katanga's requested variation. Moyana is interested in events that preceded the settlement. Katanga's requested variation relates exclusively to events that came long after the settlement.

[20] Second, Moyana and other Katanga investors have other avenues available to them if they believe they have a legitimate claim against Katanga or other parties. A Commission proceeding is not an appropriate vehicle for aggrieved investors to get discovery of third parties.

IV. CONCLUSION

[21] For the reasons set out above, we:

- a. waived service of the Application and Notice of Hearing on the seven individual respondents;
- b. dismissed Moyana's request for intervenor status; and
- c. ordered that Katanga may conclude the review of its practices and procedures by the consultant on terms acceptable to Katanga and the consultant, and that thereafter, Katanga and the consultant are released from any further obligations imposed by the Commission's original order.
