Following the OSC’s compliance with the requirements of the January 1, 2014 public sector deadline for the Integrated Accessibility Standards Regulation (IASR) under the AODA, the members of the OSC’s cross-functional AODA Steering Group have monitored ongoing compliance and identified opportunities to support our commitment to providing an inclusive environment that meets the accessibility needs of individuals with disabilities. The AODA Steering Group objectives include:

- Reviewing progress against the OSC’s Accessibility Plan on a regular basis to ensure key commitments are achieved
- Supporting OSC staff to incorporate accessibility and inclusivity within their roles
- Tracking and monitor accessibility requests and costs to inform future planning and identify trends
- Annual review, update and presentation of a year-end report on accessibility statistics and accomplishments to the Chief Administrative Officer
