- (a) the date on which it is required to file a completed Form 25-101FI *Designated Rating Organization Application and Annual Filing* in respect of the financial year under National Instrument 25-101 *Designated Rating Organizations*, and
- (b) the date on which it files a completed Form 25-101FI *Designated Rating Organization Application and Annual Filing* in respect of the financial year.

Late fee

- (2) If a late fee calculated under subsection (1) is less than \$100, it is deemed to be nil.

PART 6 DERIVATIVES PARTICIPATION FEES

Definitions

- 28.** In this Part, “transaction” has the meaning ascribed to it in OSC Rule 91-507.

Fee payer

- 29. (1)** A person or company is a fee payer for the purposes of this Part in respect of a derivatives fee year where both of the following conditions are satisfied:
- (a) with respect to any transaction in the derivatives fee year, the person or company was a reporting counterparty (as defined in OSC Rule 91-507);
 - (b) the person or company was neither a recognized clearing agency nor exempt by the Commission from the requirement to be recognized as a clearing agency.

Participation fee

- 30. (1)** Beginning with the derivatives fee year commencing July 1, 2022 and ending June 30, 2023, a fee payer must pay a participation fee, shown in Appendix E, for each derivatives fee year in respect of which it is a fee payer.
- (2)** The participation fee required of a fee payer by subsection (1) is determined with reference to the fee payer’s average quarterly notional amount outstanding during the derivatives fee year. A fee payer’s average quarterly notional amount outstanding during the derivatives fee year is determined with regard to each transaction required to be reported under OSC Rule 91-507 for which the fee payer is a counterparty and notwithstanding Part 8 of this Rule is calculated as follows:
- (a) as of each derivatives fee quarter-end, determine the notional amount of the fee payer’s outstanding positions as at the end of the day, in respect of transactions reported under OSC Rule 91-507, referenced in the currency of the outstanding position, as reported under OSC Rule 91-507,
 - (b) aggregate the notional amounts referred to in paragraph (a) for each currency for all four derivatives fee quarter-ends,
 - (c) for each aggregate determined in respect of a currency (other than the Canadian dollar) under paragraph (b), calculate the Canadian dollar equivalent using the daily exchange rate for the last business day of the derivatives fee year, as posted on the Bank of Canada website,
 - (d) add the amount determined under paragraph (b) in respect of the Canadian dollar and the total of the Canadian dollar equivalents determined under paragraph (c), and
 - (e) divide the total determined under paragraph (d) by four to obtain the fee payer’s average quarterly notional amount outstanding during the derivatives fee year.
- (3)** Despite subsection (2), a fee payer may, at its option, only in respect of the derivatives fee year commencing July 1, 2022 and ending June 30, 2023, determine the participation fee required by subsection (1) with reference to the fee payer’s notional amount outstanding as of the last business day of the derivatives fee year, instead of with reference to the fee payer’s average

quarterly notional amount outstanding during the derivatives fee year. A fee payer's notional amount outstanding as of the last business day of the derivatives fee year is determined with regard to each transaction required to be reported under OSC Rule 91-507 for which the fee payer is a counterparty and notwithstanding Part 8 of this Rule is calculated as follows:

- (a) as of the last business day of the derivatives fee year, determine the notional amount of the fee payer's outstanding positions, as at the end of the day, in respect of transactions reported under OSC Rule 91-507, referenced in the currency of the outstanding position, as reported under OSC Rule 91-507,
 - (b) aggregate the notional amounts referred to in paragraph (a) for each currency,
 - (c) for each aggregate determined in respect of a currency (other than the Canadian dollar) under paragraph (b), calculate the Canadian dollar equivalent using the daily exchange rate for the last business day of the derivatives fee year, as posted on the Bank of Canada website, and
 - (d) add the amount determined under paragraph (b) in respect of the Canadian dollar and the total of the Canadian dollar equivalents determined under paragraph (c) to obtain the fee payer's notional amount outstanding as of the last business day of the derivatives fee year.
- (4) The payment required of a fee payer by subsection (1) in respect of a derivatives fee year must be made by the fee payer not more than 60 days after the end of the derivatives fee year and be accompanied by Form 13-502F9 *Form Accompanying Payment of Derivatives Participation Fee*.
- (5) Despite paragraphs (2)(c) and (3)(c), if the notional amount of an outstanding position is denominated in a currency for which the Bank of Canada does not post a daily exchange rate, the fee payer may calculate the Canadian dollar equivalent required under these paragraphs using the exchange rate posted by another central bank.

Late fee

31. (1) A fee payer that is late in paying a participation fee under this Part must pay an additional late fee of 0.1% of the unpaid portion of the participation fee for each day on which any portion of the participation fee was due and unpaid.
- (2) If a late fee calculated under subsection (1) is less than \$100, it is deemed to be nil.
