What you can expect from us

The OSC strives to be an accessible, accountable and transparent organization. In fulfilling our regulatory functions, we are committed to being responsive to investors and those whom we regulate. The Ontario Securities Commission has created this document to reflect our commitment to accountability and transparency.

This Service Commitment document sets out:

- what you can expect when you deal with the OSC
- how you can help us provide high quality service
- our target timelines for: questions and complaints; records requests; dealing with reviews of offering documents, applications and other filings; and certain compliance reviews.

The service commitments we make to those whom we regulate (here, “you”) applies when we are acting as your principal regulator. In this context, if the OSC is your “principal regulator” it means that we are acting as the regulator primarily responsible for reviewing your file. Where this is not the case, the standards of your principal regulator will apply.

We will take all reasonable steps to address your matter within the timeframes set out in this document. If we are unable to deal with your question, application, other filing, or review in our target timeframe, we commit to keeping you informed of our progress and escalating your matter when necessary.

We also ask that you appreciate that **matters that are complex or raise new policy issues will require more time**. We are committed to providing regular touchpoints to advise you of our progress for these types of matters at a minimum of every two weeks.

We [report quarterly](#) on our performance against our service standards, with an explanation where a target has not been met.

The OSC reviews its service commitments, including the service standards listed in this document, on an annual basis and incorporates updates as necessary.

We are committed to:

- doing our best to bring the right skills and expertise to your question or filing
- advising you of our decisions in a timely manner
- treating you with courtesy and respect, and conducting ourselves in a professional manner
- providing an inclusive environment that meets the accessibility needs of individuals with disabilities.

If you give us information, we will collect, store and use that information in accordance with the [Freedom of Information and Protection of Privacy Act \(FIPPA\)](#). We are committed to respecting your privacy and protecting your personal information.

For information on how the OSC strives to be an accessible organization for individuals with disabilities, see the [Accessibility at the OSC](#) page of our website.

When you have a question or complaint

If you are a market participant or an investor and have a question, complaint, or tip, the best way to bring it to our attention is to get in touch with our Inquiries and Contact Centre staff who are trained to deal with your requests. You can contact us by phone, email, fax, mail, or by filling out the online form on our website.

We may be reached by email at inquiries@osc.gov.on.ca or toll-free at 1-877-785-1555. Please see the [Contact page](#) on our website for full contact information.

When you make a filing with us

We are committed to reviewing and processing your file promptly and professionally, while fulfilling our regulatory responsibilities to address any compliance or policy issues that may arise.

Three key factors may affect the timeliness of our response:

- the completeness and accuracy of your filings
- the complexity of the issues they raise
- the speed of your response to our inquiries

A filing that is complete means a filing of acceptable quality that contains all the key facts, the necessary analysis and addresses relevant policy issues.

Your filing should:

- be fully compliant with all form requirements
- include certifications and verifications as required
- include ancillary documents where appropriate
- meet our regulatory expectations as set out in our rules, staff notices, practice directives, newsletters, and other publications
- include the filing fee, if applicable

Information about fees is set out in [OSC Rule 13-502 Fees](#) and [OSC Rule 13-503 \(Commodity Futures Act\) Fees](#). Additional guidance can be found in [Companion Policy 13-502CP Fees](#). You can submit a request in writing for a waiver of late fees related to:

- SEDI filings - SEDIlatefees@osc.gov.on.ca
- Reports of Exempt Distribution - exemptmarketfilings@osc.gov.on.ca
- Registration filings - latefees@osc.gov.on.ca.

We remind market participants that fee waiver requests are considered on a case-by-case basis.

If you are selected for a review

If you are selected for a review, we are committed to completing our review in a timely manner while fulfilling our regulatory responsibilities to address any compliance or policy issues that may arise.

For further information on various types of reviews the OSC performs, refer to the pages on our website:

- [OSC Compliance Reviews](#)
- [Continuous Disclosure](#)
- [Insider Reporting](#)

For market infrastructure entities the specific requirements will be communicated depending on the size and scope of review.

When you request OSC Records

If you need to make a request for OSC records, contact the staff in Records and Information Management by phone at 416-593-3735 or by email at record@osc.gov.on.ca.

You can help us provide high quality service

Before phoning or emailing us, please check whether the information you need is on our website at www.osc.ca. Market participants should also check if the information can be found in the [Securities Act](#) (Ontario) or a related rule, or the [Commodity Futures Act](#), and where possible should get any necessary professional guidance before contacting us.

When you file an application or other document, we ask that you provide us with complete and accurate information and include all prescribed fees. When we ask you for additional information or make other requests related to your matter, we ask that you respond to our requests in a timely manner. This will help us to process your request or complete your review more efficiently. We also ask that you understand and comply with our deadlines.

We also welcome your feedback at any time about how we can improve the way we work. Our contact information can be found at the beginning of this document.

If we don't hear from you – Closing a file due to inactivity

The service standards below for routine matters assume you will be prompt and thorough in responding to our requests for information or comment letters. If we do not receive a response within three weeks of sending a request for information or comment letter, we will generally consider the file to be dormant and will take steps to close it. Before closing the file, we will communicate with you to ask for a status update and inform you that we will close your file in two weeks unless we receive a substantive response to our request for information or comment letter. For market infrastructure entities please refer to requirements or protocols specific to your organization.

Service Standards

The following chart outlines the service standards we will apply in our dealings with you effective April 1, 2023 (refer to the [2023 Annual Service Commitment Review](#) for a summary of changes). These service standards are our commitment to the timelines and targets investors, registrants and market participants can expect when interacting with the OSC.
