Subject: Proposed rule Rule 32-501

Dear Sir:

I am in most favor of this proposed rule as mentioned by Dale Ennis of the Money Saver magazine. It would sure make it simple to purchase DRIP's in Canada.

I am an ALBERTAN and would certainly like to see it adopted as then our province and others would follow suite.

I have been interested in this route of investment for my Grandchildren as

RRSP may be a big problem in the future.

Thanks.

Robert Finch
