Dear Mr. Stevenson,

As a small IDA Member, I support the proposed amendment to OSC Rule 31-502 as it eliminates an unfair recruiting advantage currently enjoyed by larger IDA Members. More importantly I see it as a first step in the removal of a politically motivated barrier to entry that was implemented at the outset of the MFDA. I can see no legitimate reason why the public and IDA Members can not benefit from the advantages of a multiple licensing structure that Americans enjoy today. I encourage you and the OSC to go all the way and establish such a structure in Ontario and do so in the public's best interests.

Cheers,

Doug Leyland, C.A., MBA
