

Mr. John Stevenson,

Regarding Proposed NI 31-103 the regulatory changes regarding investments I highly object to these proposals as I will not choose to invest in this way because I would have to provide all my financial information. I think in this day and age enough people have all of our information without giving all of it to yet another person. I do not understand why this needs to be the case, unless of course you are trying to shut down this type of investing. Regardless if this law does change I will invest other places. This is how I feel about the situation and I hope you will take it into consideration.

Thanks for your attention,
Rita James
