Dear Sirs and Madams:

RE: Proposed Amendments to National Instrument 81-102 Mutual Funds, Companion Policy 81-102CP Mutual Funds and Related Consequential Amendments

We are writing to provide comments with respect to the CSA's Proposed Amendments to National Instrument 81-102 Mutual Funds, Companion Policy 81-102CP Mutual Funds and Related Consequential Amendments (the "Proposals").

The IFSE Institute ("IFSE") is a leading provider of proficiency education to the financial services sector in Canada. In particular, of relevance to this comment letter, we offer the Canadian Investment Funds Course ("CIFC") for mutual fund dealing representatives and the Exempt Markets Product Course ("EMP") for exempt market dealing representatives. These two categories of registration will be impacted by the proposed changes regarding alternative funds.

Our comments are focused only on <u>Question 12</u> pertaining to proficiency requirements for Alternative Funds as follows: **Should additional proficiency requirements for all individual dealing representatives who sell securities of alternative funds be introduced?**

In our opinion, the current mutual fund course does not sufficiently address the topic of alternative funds. Either additional alternative fund content will need to be added to the current course and examination or a separate proficiency course and exam on alternative funds would be required. Given the complexity of this additional content and the fact that only a small percentage of mutual fund representatives would likely be selling alternative funds, we recommend a separate proficiency course and exam focusing on alternative funds for mutual fund licensees interested in selling these products.

However, for exempt market dealing representatives, we believe the current EMP course and exam sufficiently addresses alternative products and no additional proficiency is required.

IFSE would welcome the opportunity to discuss this matter in more detail. Please contact me should you have any questions.

Regards,

John Parker Executive Director IFSE Institute
