

Dear Madams:

I am writing to comment on the proposed amendments to NI 45-106, in particular the proposed annual investment limits for non-accredited investors.

There is no limit on the stock market why here? It is a free country that we can chose as we will, regulate the ones putting the products on the market not the buyers of the products. And why \$30000 why not \$300000, why that number?

This submission is being made on my own behalf.

If you would like further elaboration on my comments, please feel free to contact me by replying to this email.
