

May 26, 2014

To whom it may concern,

I am an Exempt Market investor in products such as the Mortgage Investment Corporation (MIC). I have invested in Fisgard for years.

I want to continue having the freedom to choose my investment dealer, without your proposed restrictions.

And I want to continue having the freedom to invest any amount I choose.

Governments cannot control the monies people spend on cars, holidays, gambling, etc. So keep your hands off my investment choices - at least I am saving for my retirement instead of spending!

Regards,

Cindy Liboiron
