

Team

1. Why are you contemplating making changes to the Private Equity Space?
2. That market must be left alone. I am educated investor and mortgage broker and I do not want my investment amounts limited by people that do not know my credentials.
3. Net worth must not be part of the criteria for investing.
4. Stay the course with your mandate to manage the directors of these investments.
5. Concerned citizen and investor Fred.

Regards Fred Gerein
