Re: CSA Proposed Amendments Relating to the Offering Memorandum Exemption

Dear Madams:

I am writing to comment on the proposed amendments to NI 45-106, in particular the proposed annual investment limits for non-accredited investors.

I am totally against this proposed amendment to limit contribution amounts. I have worked hard in my lifetime and believe I have the right to choose where and how I invest my money. I certainly do not need government policy makers to interfere with my freedoms and rights to choose what I do and how much I choose to invest or into what market. Your proposed amendment does not hold merit under the pretense of ‘protection.’ I didn’t ask you for protection and I do not need nor want you imposing limits on my personal choice of investments. Please get rid of this unreasonable proposed amendment.

This submission is being made on my own behalf.

If you would like any further information regarding my comments, please feel free to contact me at, ljlewington@telus.net.

Regards,

James Lewington
