Substance and Purpose

The National Systems Renewal Program (**NSRP**) is an initiative of the CSA that aims to replace CSA national systems (the System for Electronic Document Analysis and Retrieval (**SEDAR**), the National Cease Trade Order Database, the Disciplined List, the System for Electronic Disclosure by Insiders, the National Registration Database and the National Registration Search) with a more centralized CSA IT system (the **Renewed System**). Every CSA member is participating in NSRP.

We expect the Renewed System to be implemented in 4 phases beginning in early 2021. The first phase (**Phase 1**) will replace SEDAR, the National Cease Trade Order Database, the Disciplined List and certain filings in the British Columbia Securities Commission eServices system and the Ontario Securities Commission Electronic Filing Portal. Accordingly, filings made by issuers, including foreign issuers, will be incorporated into the Renewed System in Phase 1. We expect filings made by insiders, registrants, derivatives market participants and regulated entities (such as marketplaces, self-regulatory bodies and clearing agencies) to be addressed in future phases of the Renewed System. At this time, we are only proposing amendments relating to Phase 1.

The purposes of the Phase 1 Amendments are to:

- introduce NI 13-103, which is the new central rule that provides the requirements and the procedure for the electronic transmission of documents through the Renewed System. NI 13-103 will mandate that all documents required or permitted to be filed with or delivered to a securities regulatory authority or regulator be transmitted electronically in accordance with the rule, unless specifically excluded;
- help market participants understand how we will apply and interpret NI 13-103 by providing guidance in CP 13-103;
- update the existing filing requirements related to SEDAR, the British Columbia Securities Commission eServices system and the Ontario Securities Commission Electronic Filing Portal so that they work with the Renewed System;
- amend existing rules and policies that refer to how market participants are required or permitted to transmit documents to a securities regulatory authority or regulator; and
- repeal NI 13-101, which includes the SEDAR Filer Manual.

Summary of NI 13-103 and CP 13-103

NI 13-103 provides that:

- filers must transmit electronically through the Renewed System each document required or permitted to be filed with or delivered to a securities regulatory authority or regulator under securities legislation;
- NI 13-103 does not apply to certain documents required or permitted to be filed or delivered pursuant to securities legislation set out in Column A of the Appendix. As part of the phased implementation of the Renewed System, certain filers referred to in Column B of the Appendix are nevertheless required to file in the Renewed System in Phase 1;
- some documents, specified in subsections 3(a) to (e) of NI 13-103, will never be filed or delivered through the Renewed System. These include documents filed or delivered in connection with a hearing, compliance review, proceeding or investigation;
- filers must complete a profile containing the information specified in the Renewed System, and must keep their profile current; and
- regulatory and system fees must be paid through the Renewed System.

The Renewed System will also offer online help that will guide filers in navigating and using the system. This online help feature will replace the SEDAR Filer Manual.

CP 13-103 provides guidance on different aspects of NI 13-103 including:

- the documents that are required to be filed through the Renewed System, and those that are excluded to reflect the phased implementation of the Renewed System;
- how jurisdiction is determined for the purposes of payment of system fees;
- the manner and format, and templates if any, that filers should use in transmitting information; and
- the public accessibility of documents.

Amendments to Existing Rules and Policies

The Phase 1 Amendments are also intended to update the existing rules and policies to include necessary references to the Renewed System and remove references to existing CSA systems. For example, references to SEDAR are replaced with references to the Renewed System, where appropriate. In many cases, the amendments involve revising or deleting references to format (electronic or otherwise). In certain instruments, some housekeeping amendments are proposed, such as repealing or deleting transitional provisions that are no longer applicable and correcting grammatical or typographical errors. In these limited cases, the changes are not related to the Renewed System.

Anticipated Costs and Benefits

Once fully implemented, the Renewed System will provide more secure, single-window access for market participants to file documents and pay fees. The filing process will be more uniform, and the system will enforce modern access controls and expand public search functionality. Some filers may have to adapt their internal processes and systems.

We believe that the benefits of a modernized, more secure and centralized system with improved search capabilities will outweigh the costs associated with the Phase 1 Amendments.

Local Matters

Annex E is being published in any local jurisdiction that is making related changes to local securities laws, including local notices or other policy instruments in that jurisdiction. It also includes any additional information that is relevant to that jurisdiction only.

Request for Comments

We are issuing this Notice to solicit comments on the Phase 1 Amendments. Please note that between the date of this Notice and the final publication of Phase 1 Amendments we may include reference to additional securities legislation in the Appendix of NI 13-103, as necessary to reflect the phased implementation of the Renewed System.

Request for Comments

The public comment period expires on July 31, 2019. Please submit your comments in writing on or before July 31, 2019. If you are not sending your comments by email, please also send a CD containing the submissions (in Microsoft Word format).

ANNEX A

NATIONAL INSTRUMENT 13-103 [SYSTEM REPLACEMENT RULE]

Definitions

1. (1) In this Instrument:

“deliver” includes deposit, furnish, provide, send or submit;

“document” includes information and material that is required or permitted to be filed with or delivered to a securities regulatory authority or regulator;

“profile” means the information identifying a person or company, as specified in the [Renewed System];

“[Renewed System]” means the system for the transmission, receipt, acceptance and dissemination of documents known as [Name of renewed system].

(2) For the purposes of this Instrument, a reference to a document that is permitted to be filed includes an application for a decision of the regulator or securities regulatory authority [under securities legislation].

Electronic transmission of documents

2. Subject to section 3, if a person or company is required or permitted, under securities legislation or under a decision of the securities regulatory authority or regulator, to file a document with, or deliver a document to, the securities regulatory authority or regulator, the person or company must file or deliver the document by transmitting it through the [Renewed System].

Transmission of documents outside of the [Renewed System]

3. A person or company must not file or deliver the following through the [Renewed System]:

- (a) a document required or permitted to be filed with or delivered to the securities regulatory authority or regulator in connection with a hearing, compliance review, proceeding or investigation;
- (b) a letter required to be delivered under subsection 4.11(8) or (9) of National Instrument 51-102 *Continuous Disclosure Obligations*;
- (c) a notice under subsection 13.2(2) of National Instrument 51-102 *Continuous Disclosure Obligations*;
- (d) a notice under section 18.6 of National Instrument 81-106 *Investment Fund Continuous Disclosure*;
- (e) a notice under subsection 5(1) or 6(1) of National Instrument 52-108 *Auditor Oversight*;
- (f) a document that a person or company is required or permitted to file or deliver pursuant to a provision of, or a decision of the securities regulatory authority or regulator issued in respect of, securities legislation listed in the Appendix.

Profile requirements

- 4. (1) At the time that a person or company uses the [Renewed System] for the first time, the person or company must file a profile by transmitting it through the [Renewed System].
- (2) If information contained in a profile becomes inaccurate, the person or company must file an updated profile with the accurate information by transmitting it through the [Renewed System] at the earlier of
 - (a) the next time the person or company transmits a document through the [Renewed System], and
 - (b) 10 days after the date on which the information contained in the profile becomes inaccurate.
- (3) A person or company must not have more than one profile in the [Renewed System].

Payment of fees

5. (1) At the time that a person or company transmits a document through the [Renewed System], a person or company must pay through the [Renewed System]
 - (a) all prescribed fees, other than fees prescribed under Multilateral Instrument 13-102 *System Fees* or equivalent regulation, to the securities regulatory authority or regulator, and
 - (b) all fees prescribed under Multilateral Instrument 13-102 *System Fees* or equivalent regulation to the person or company's principal regulator if the principal regulator is the securities regulatory authority in the local jurisdiction.
- (2) For the purposes of subsection (1), if the person or company is transmitting through the [Renewed System] a document to which Multilateral Instrument 11-102 *Passport System* applies, "principal regulator" has the meaning set out in Part 3, 4, 4A, 4B or 4C of Multilateral Instrument 11-102 *Passport System*, as applicable.
- (3) For the purposes of subsection (1), if the person or company is transmitting through the [Renewed System] a document to which Multilateral Instrument 11-102 *Passport System* does not apply, the principal regulator is the securities regulatory authority or regulator that would be the principal regulator if Part 3 of Multilateral Instrument 11-102 *Passport System* applied.
- (4) Despite subsection (3), if the person or company is transmitting through the [Renewed System] Form 45-106F1 *Report of Exempt Distribution*, and the person or company does not have a head office in Canada or is an investment fund with an investment fund manager that does not have a head office in Canada, the principal regulator is the securities regulatory authority or regulator of the jurisdiction with which the person or company has the most significant connection.

Temporary hardship exemption

6. (1) If unanticipated technical difficulties prevent a person or company from transmitting a document through the [Renewed System] within the time required or permitted under securities legislation, the person or company may file the document with or deliver the document to the securities regulatory authority or regulator outside of the [Renewed System] no later than 2 business days after the date on or by which the person or company was required or permitted to file the document with, or deliver the document to, the securities regulatory authority or regulator.
- (2) A person or company must include the following legend in capital letters at the top of the first page of a document filed or delivered outside of the [Renewed System] in reliance on this section:

IN ACCORDANCE WITH SECTION 6 OF NATIONAL INSTRUMENT 13-103 [SYSTEM REPLACEMENT RULE], THIS (SPECIFY DOCUMENT) IS BEING FILED OR DELIVERED OUTSIDE OF THE [RENEWED SYSTEM] UNDER A TEMPORARY HARDSHIP EXEMPTION

- (3) If a person or company files or delivers a document to the securities regulatory authority or regulator in the manner and within the time prescribed by this section, the person or company is exempt from the requirement to file or deliver the document by the date prescribed in securities legislation.
- (4) If a person or company files or delivers a document to the securities regulatory authority or regulator outside of the [Renewed System] in reliance on this section, the person or company must transmit the document to the securities regulatory authority or regulator through the [Renewed System] as soon as practicable and in any event within 3 business days of the date on which the unanticipated technical difficulties have been resolved, and must include the following legend in capital letters at the top of the first page of the document transmitted through the [Renewed System]:

THIS DOCUMENT IS A COPY OF (SPECIFY DOCUMENT) FILED OR DELIVERED ON (DATE) TO (LIST ALL SECURITIES REGULATORY AUTHORITIES OR REGULATORS TO WHOM THE DOCUMENT WAS FILED OR DELIVERED) UNDER A TEMPORARY HARDSHIP EXEMPTION UNDER SECTION 6 OF NATIONAL INSTRUMENT 13-103 [SYSTEM REPLACEMENT RULE].

Decisions

7. (1) If a decision made under securities legislation requires or permits a person or company to file a document on the *System for Electronic Document Analysis and Retrieval*, the decision is deemed, after the effective date of this Instrument, to require or permit the person or company to transmit the document to the securities regulatory authority or regulator through the [Renewed System].

Request for Comments

- (2) Subsection (1) does not apply if section 3 applies.
- (3) In British Columbia, subsection (1) does not apply.

Exemptions

- 8. (1) The securities regulatory authority or regulator may grant an exemption from this Instrument, in whole or in part, subject to the conditions or restrictions that may be imposed in the exemption.
- (2) Despite subsection (1), in Ontario only the regulator may grant an exemption from this Instrument.
- (3) Except in Alberta and Ontario, an exemption referred to in subsection (1) is granted under the statute referred to in Appendix B of National Instrument 14-101 *Definitions* opposite the name of the local jurisdiction.

Repeal of former instrument

- 9. National Instrument 13-101 *System for Electronic Document Analysis and Retrieval (SEDAR)* is repealed.

Effective date

- 10. This Instrument comes into force on ●, 2020 [date of Phase 1].

ANNEX B

COMPANION POLICY 13-103 [SYSTEM REPLACEMENT RULE]

Introduction

The purpose of this Companion Policy is to provide guidance on how securities regulatory authorities and regulators (we or us) interpret or apply certain provisions of National Instrument 13-103 [*System Replacement Rule*] (the Instrument). This Companion Policy includes explanations, discussion and examples of the application of various parts of the Instrument.

Phased approach to release of the [Renewed System]

The National Systems Renewal Program (NSRP) of the Canadian Securities Administrators (CSA) proposes to implement the [Renewed System] in several phases, with the objective of replacing all current CSA national systems. The first phase (Phase 1) replaces the System for Electronic Document Analysis and Retrieval (SEDAR), the National Cease Trade Order Database and the Disciplined List. Phase 1 relates principally to documents filed by issuers with securities regulatory authorities or regulators, including:

- all documents previously filed with or delivered through SEDAR;
- Form 45-106F1 *Report of Exempt Distribution*, previously filed in the British Columbia Securities Commission (BCSC) eServices system, the Ontario Securities Commission (OSC) Electronic Filing Portal, and in all other jurisdictions on SEDAR.

In future phases of NSRP, we expect the [Renewed System] will be capable of accepting the transmission of documents filed with or delivered to securities regulatory authorities and regulators by insiders, registrants, derivatives market participants and regulated entities (such as a marketplace, a self-regulatory body or self-regulatory organization, or a clearing agency).

Phasing of applications and pre-filings

Applications and pre-filings are also being brought into the [Renewed System] in a phased manner. Phase 1 of NSRP includes all applications and pre-filings previously filed by issuers, whether in the BCSC eServices system, the OSC Electronic Filing Portal, or filed by email, courier or regular mail, including applications:

- for an exemption from a provision of securities legislation;
- to be designated as a reporting issuer, mutual fund or non-redeemable investment fund;
- to cease to be a reporting issuer;
- for a full or partial revocation of a cease trade order;
- for a management cease trade order.

Generally, a person or company that is an issuer will file an application or a pre-filing through the [Renewed System], while a person or company that is an insider, a registrant, a derivatives market participant or a regulated entity will file the application in the same manner as it currently does, until a future release of the [Renewed System]. In future phases of NSRP, we expect that the [Renewed System] will be capable of accepting the transmission of applications delivered to securities regulatory authorities or regulators by insiders, registrants, derivatives market participants and regulated entities.

If a rule is included in Column A of the Appendix of the Instrument, a pre-filing in relation to that rule or an application for an exemption from a provision of that rule will not be filed through the Renewed System at this time, except in the limited circumstances outlined in Column B of the Appendix.

Generally when an application is filed in the Renewed System pursuant to Column B of the Appendix, and a decision is made, the filer should also transmit through the Renewed System all documents required to be filed or delivered pursuant to the decision.

Section 1 – Definitions

Unless defined in the Instrument, terms used in the Instrument have the meanings given to them in local securities legislation or in National Instrument 14-101 *Definitions*.

The term “document” includes any report, form, application, pre-filing, information, material and notice, as well as a copy thereof, and applies to a document that is required or permitted to be filed or deposited with, or delivered, furnished, sent, provided, submitted or otherwise transmitted to, a securities regulatory authority or regulator.

Section 3 – Transmission of documents outside of the [Renewed System]

Under paragraph 3(f), the Instrument does not apply to a document required or permitted to be filed or delivered under any of the provisions of securities legislation set out in Column A of the Appendix of the Instrument, unless an exception in Column B applies. The same applies to any document that a person or company is required or permitted to file or deliver pursuant to a decision or order issued in respect of any of the provisions of securities legislation set out in Column A of the Appendix, unless an exception in Column B applies. We expect that all of these documents will be incorporated into the [Renewed System] in future phases of NSRP.

A person or company will file these documents with, or deliver them to, the securities regulatory authority or regulator in the same manner that it currently does, including by email, courier or regular mail, through the System for Electronic Disclosure by Insiders (SEDI), or through the National Registration Database. For example, an issuer filing an issuer event report under National Instrument 55-102 *System for Electronic Disclosure by Insiders* will transmit this information through SEDI.

The Appendix also contains certain exceptions set out in Column B relating to documents filed under the provisions of securities legislation indicated in Column A that will be transmitted through the [Renewed System] in Phase 1. For example, Multilateral Instrument 45-108 *Crowdfunding* contains certain registration requirements for funding portals and registered individuals of funding portals, which will be filed outside of the [Renewed System] until a future phase of NSRP. The exceptions in Column B that relate to Multilateral Instrument 45-108 *Crowdfunding* are the following documents that an issuer will transmit through the [Renewed System] as part of Phase 1:

- a Form 45-106F1 *Report of Exempt Distribution*;
- a crowdfunding offering document;
- additional distribution material, including a video;
- financial statements filed by an issuer that is not a reporting issuer;
- a notice of use of proceeds.

Subsection 5(1) – Payment of fees

A filer should consult Multilateral Instrument 13-102 *System Fees* to determine whether it is required to pay a system fee when transmitting a document in the [Renewed System], and the amount of any applicable system fee. A filer should consult the local fee rules in each jurisdiction to determine whether it is also required to pay a regulatory filing fee when transmitting a document to the securities regulatory authority or regulator, and the amount of any applicable regulatory filing fee.

Subsection 5(4) – Significant connection

In order to determine the jurisdiction with which a person or company has the most significant connection, a filer should refer to the factors outlined in subsection 3.4(7) of National Policy 11-202 *Process for Prospectus Reviews in Multiple Jurisdictions*.

Subsection 7(3) – Decisions and orders in British Columbia

Because of differing legislative requirements, subsection 7(1) of the Instrument does not apply in British Columbia. The British Columbia Securities Commission has issued BC Instrument 13-XXX [XXX], which has the same effect as subsection 7(1) of the Instrument.

Using format and templates specified in the [Renewed System]

A person or company satisfies a requirement in securities legislation to file a document with, or deliver a document to, the securities regulatory authority or regulator in a prescribed format by transmitting the information in the manner and using the format and templates, if any, specified in the [Renewed System]. For example, the [Renewed System] requires a filer to transmit Form 45-106F1 *Report of Exempt Distribution* in the format and using the templates specified in the [Renewed System]. In doing so, the filer satisfies all requirements of Form 45-106F1 *Report of Exempt Distribution* that relate to the prescribed format of the report.

Effective time of filing or delivery

The [Renewed System] is generally available 24 hours a day, 7 days a week. We consider a document to be filed with or delivered to the securities regulatory authority or regulator when the transmission of the document through the [Renewed System] has been completed. The [Renewed System] allows a filer to confirm the date and time that the transmission of a document was completed.

Although the [Renewed System] is generally available every day to receive documents, securities legislation that refers to a review of a document by the securities regulatory authority or regulator (for example our obligation to provide a filer with a comment letter on our review of a preliminary prospectus) will continue to provide that the review be carried out within a certain number of business days.

Consent

In certain jurisdictions, the securities regulatory authority or regulator must consent to a document being filed with or delivered to it by the transmission of the document through the [Renewed System]. We take the view that the acceptance of documents transmitted through the [Renewed System] in accordance with the Instrument satisfies any such consent requirement of the securities regulatory authority or regulator contained in electronic commerce legislation.

Requirement to file more than one copy of a document

If any provision of securities legislation requires a person or company to file with or deliver to the securities regulatory authority or regulator more than one copy of a document, the transmission of the document through the Renewed System in accordance with the Instrument satisfies such a requirement.

Official copy of documents

We consider that, for purposes of securities legislation, securities directions or any other related purpose, an official record of any document transmitted through the [Renewed System] is the document stored in the Renewed System.

Certified copy of documents

Securities legislation in certain jurisdictions contains a requirement to produce or make available an original or certified copy of information filed under the securities legislation. We take the view that the securities regulatory authority or regulator satisfies such a requirement by providing a printed copy of the information that contains, or is accompanied by, a certificate of the securities regulatory authority or regulator confirming that the printed copy is a copy of the information filed in the [Renewed System].

Use of the Renewed System by the securities regulatory authority or regulator

The securities regulatory authority or regulator will transmit certain documents through the [Renewed System]. For example, we will generally transmit through the [Renewed System] a receipt and other confirmation of acceptance for a document transmitted through the [Renewed System], such as a receipt for a prospectus.

Public accessibility of documents in the [Renewed System]

Securities legislation requires that the securities regulatory authority or regulator make documents filed with it available for public inspection during normal business hours. We consider that the securities regulatory authority or regulator satisfies this requirement by making such documents publicly available in the [Renewed System].

Under securities legislation, documents required or permitted to be delivered are not required to be publicly available but may be subject to an application made under freedom of information legislation. Filers that transmit information in the [Renewed System] are responsible for complying with applicable privacy laws.

Changing public access to transmitted documents

To change the access status of a document filed with us from public to private, a person or company should submit a formal request for confidentiality, generally by way of an application for an exemption, under the relevant provisions of securities legislation. The securities regulatory authority or regulator will generally not change the access status of a document from public to private until the principal regulator has received and reviewed such request, and made a decision in favour of the person or company.

In the following limited circumstances, we will consider changing the access status of a document from public to private in the [Renewed System] without a formal request for confidentiality:

Request for Comments

- a person or company transmits a document under the incorrect profile;
- a person or company transmits a fee form with an incorrect calculation;
- a person or company transmits a document that contains a virus;
- a person or company entitled to file a redacted version of a material contract or agreement transmits a non-redacted version of the document as a result of technical software errors in electronic redaction software;
- a recipient agency inadvertently makes a document public in connection with a prospectus filing which should have remained private.

To request a change in the access status of a document from public to private in the [Renewed System] in these circumstances, a person or company should make a written request to its principal regulator, determined in accordance with subsection 5(2), 5(3) or 5(4) of the Instrument.

Filers should note that changing the access status of a document from public to private in the [Renewed System] does not necessarily remove the document from the public domain. For example, various search engines may continue to index the document, notwithstanding that we have changed the access status of the document to private in the [Renewed System]. We do not assist filers to remove documents from the public domain.

 - (f) **in subsection (6) by deleting “or (2)”.**
9. **Section 5.5 is replaced with the following:**
 - 5.5 **Filing**
 - (1) As indicated in section 2.3 of this policy, reference to National Instrument 13-103 [*System Replacement Rule*] should be made when providing any document to a securities regulatory authority or regulator under MI 11-102 or this policy. A filer should consult the Appendix of National Instrument 13-103 [*System Replacement Rule*] to determine whether pre-filing or application materials are excluded from being filed or delivered in the [Renewed System] at this time.

- (2) When pre-filing or application materials are to be transmitted through the [Renewed System], a filer should send the application materials together with the fees to
 - (a) the principal regulator, in the case of a passport application,
 - (b) the principal regulator and the OSC, in the case of a dual application, or
 - (c) each regulator from which the filer seeks exemptive relief, in the case of a coordinated review application.
- (3) When pre-filing or application materials are excluded from being transmitted through the [Renewed System], a filer should send the application materials in paper together with the fees to
 - (a) the principal regulator, in the case of a passport application,
 - (b) the principal regulator and the OSC, in the case of a dual application, or
 - (c) each regulator from which the filer seeks exemptive relief, in the case of a coordinated review application.

The filer should also provide an electronic copy of the application materials, including the draft decision document, by e-mail. Filing the application concurrently in all required jurisdictions will make it easier for the principal regulator and non-principal regulators, if applicable, to process the application expeditiously. In Ontario, an electronic filing system is available for filing and tracking exemptive relief applications. Filers should file an application in Ontario using that system instead of e-mail.

Filers should send pre-filing and application materials by e-mail using the relevant address or addresses listed below:

ANNEX E

ONTARIO LOCAL MATTERS

Introduction

This Annex to the accompanying CSA Notice and Request for Comments (the **CSA Notice**) sets out matters required to be addressed by the *Securities Act* (Ontario) (the **OSA**). The Ontario Securities Commission (the **Commission**) is publishing this Annex to supplement the CSA Notice.

Amendments to Existing Local Rules and Policies

In Ontario, we are proposing consequential amendments to local rules under the OSA as set out in Schedule 1 to this Annex and consequential changes to local policies under the OSA as set out in Schedule 2 to this Annex (the **Local Amendments**). The Local Amendments are intended to update the existing rules and policies with references to the Renewed System and remove references to existing CSA systems. For example, references to SEDAR are replaced with references to the Renewed System, where appropriate, and OSC Rule 11-501 *Electronic Delivery of Documents to the Ontario Securities Commission* will be amended to remove reference to documents required or permitted to be transmitted through the Renewed System.

Anticipated Costs and Benefits

Please see the CSA Notice for a discussion of the anticipated costs and benefits of the Phase 1 Amendments. The Local Amendments are not expected to have any additional costs or benefits as they are consequential amendments and changes.

Reference to Proposed Amendment to Regulation 1015 under the OSA

Pursuant to subsection 143(3) and paragraph 8 of subsection 143.2(2) of the OSA, we are also proposing an amendment to section 161 of Regulation 1015 under the OSA to replace the section's reference to NI 13-101 with a reference to NI 13-103.

Impact on Investors

The Phase 1 Amendments primarily involve replacing legacy systems that relate to and are used by issuers (e.g., SEDAR). Therefore, investors will access issuers' public filings through the Renewed System instead of the legacy systems, including continuous disclosure documents filed by reporting issuers, reports of exempt distribution, cease trade orders, etc. As discussed in the CSA Notice, the Renewed System will be a modernized, more secure and centralized system with improved search capabilities.

Unpublished Materials

In proposing the Local Amendments, we have not relied on any significant unpublished study, report or other written materials.

Authority for the Phase 1 Amendments and the Local Amendments

The Phase 1 Amendments described in the CSA Notice and the Local Amendments will be made under subsection 143(1) of the OSA:

- Paragraph 39 of that subsection provides the Commission with authority in connection with the "media, format, preparation, form content, execution, certification, dissemination and other use, filing and review" of documents required under or governed by the OSA, the regulations or the rules and all applications to the Commission under the *Business Corporations Act*.
- Paragraph 44 of that subsection provides the Commission with authority to vary the OSA to permit or require the use of an electronic or computer-based system for the filing, delivery or deposit of specified documents.
- Paragraph 45 of that subsection provides the Commission with authority to establish requirements for and procedures in respect of the use of an electronic or computer-based system for the filing, delivery or deposit of documents or information.
- Paragraph 46 of that subsection provides the Commission with authority to provide for electronic signatures for the signing of documents and prescribing the circumstances in which persons or companies shall be deemed to have signed or certified documents on an electronic or computer-based system for any purpose of the OSA, the regulations or the rules.

- Paragraph 49 of that subsection provides the Commission with authority to permit or require, including through variations to the OSA, methods of filing or delivery by specified persons of specified material required under or governed by Ontario securities law.
